A Conservative Point of View

It took less time to take Iraq than it took Janet Reno to take the Branch Davidian compound. That was a 51-day operation.

It took less time to find evidence of chemical weapons in Iraq than it took Hillary Clinton to find the Rose Law Firm billing records.

It took less time for the 3rd Infantry Division and the Marines to destroy the Medina Republican Guard than it took Teddy Kennedy to call the police after his car sunk at Chappaquiddick.

It took less time to take Iraq than it took to count the votes in Florida!!!!!!

Damn our military is GREAT!

if I didn't wear it he'd kill me!

THE ABORTED STATES OF AMERICA

The map above has 17 states blacked out. The population of these states is equal to the 42,000,000+ reported "legal" surgical abortions since 1973. Perhaps this visual perspective helps one to grasp the number of people that are gone, dead—robbed of their God given, constitutional rights to life and liberty.

Each time a person is aborted and robbed of their rights; our rights and very lives become less secure. How many more innocent people will have to suffer horrible painful deaths before the nation accepts the truth that with abortion, we are destroying our country and our future.

Please go to our [Pro-Life Education Page](#), to learn how you can help end this tragedy.

A Florist goes to a barber for a haircut. After the cut he asked about his bill and the barber replies: "I'm sorry, I cannot accept money from you; I'm doing community service this week." The florist is pleased and leaves the shop.

Next morning, when the barber goes to open there is a thank you card and a dozen roses waiting for him at his door.

Later, a cop comes in for a haircut, and when he goes to pay his bill the barber again replies: "I'm sorry, I cannot accept money from you; I'm doing community service this week." The cop is happy and leaves the shop.

Next morning when the barber goes to open up there is a thank you card and a dozen donuts waiting for him at his door.

Later a Republican comes in for a haircut, and when he goes to pay his bill the barber again replies: "I'm sorry, I cannot accept money from you; I'm doing community service this week." The Republican is very happy and leaves the shop.

Next morning when the barber goes to open, there is a thank you card and a dozen different books such as "How to Improve Your Business" and "Becoming More Successful."

Then a Democrat comes in for a haircut, and when he goes to pay his bill the barber again replies: "I'm sorry, I cannot accept money from you; I'm doing community service this week." The Democrat is very happy and leaves the shop.

The next morning when the barber goes to open up, there's a dozen Democrats lined up waiting for a free haircut.

Test your knowledge of gun control:

No One But the Authorities Should Have Assault Weapons

If these people had assault weapons, they would probably (check all that apply):

- ☐ rob liquor stores
- ☐ engage in drive-by shootings
- ☐ leave them lying around where their kids could find them
- ☐ blow away motorists during traffic disputes
- ☐ go on schoolyard rampages
- ☐ accidentally kill friends and family members
- ☐ none of the above

Might there be a moral, historically justified need for "non-sporting" arms in the hands of "average citizens?" The next time someone tells you we need to ban "assault weapons," ask them to take this test. Why not send a copy of it to the politicians who represent you and see how they answer ?

President Reagan's Last Words

I don't know whether or not you watched the memorial service for Ronald Reagan, BUT..... if you did, you probably noticed that Bill and Hillary were both dozing off.

President Ronald Reagan,
who never missed a chance for a good one-liner,
raised his head out of his casket and said.....

"I see the Clintons are finally sleeping together."
