MINORS

No one under 18 years of age is allowed to be an overnight guest of a resident. Any visitation in on-campus residential facilities by minors who are not enrolled UTSA students should be brief and occur only when the minor is accompanied by their parent or legal guardian.

HAZING/HARASSMENT

UTSA is committed to providing an environment whereby students are free from any harassment or hazing. Harassment involves behavior towards a person that is unwanted (i.e., pranks, practical jokes, phone calls, emails, text messages, etc.) and will not be tolerated. If you feel you are being hazed or harassed, please contact a UTSA staff member immediately.

LIGHTING

Candles, halogen lamps and paper lanterns are fire risks and are not permitted in the units. Please refrain from placing cloth or paper over lights, as it is a fire hazard as well. All lamps, appliances and lighting devices need to be Underwriters Laboratory approved.

LOCKOUT PROCEDURES

It is imperative that you keep your ID / Key with you at all times. We strongly encourage you to lock your room whenever you are not home. If you should lock yourself out during business hours, you may come to the community desk and checkout a temporary card / key to open your door. If you are locked out after the front desk is closed, you may call the Resident Assistant on-call and they will open your door. However, after the UTSA Census date, which is the 12th day of each semester, the charge is $25 per lockout.

MOTORCYCLES

Motorcycles (and mopeds) must be registered with the Office of Parking and Transportation. All motorcycles are allowed to park in designated parking lots. Lots R1, R2, R4 and F5 are open for residents with a residential permit. Motorcycles are not allowed within the complex gates, nor are they allowed to be parked near any building.
