JACOB LOVELL

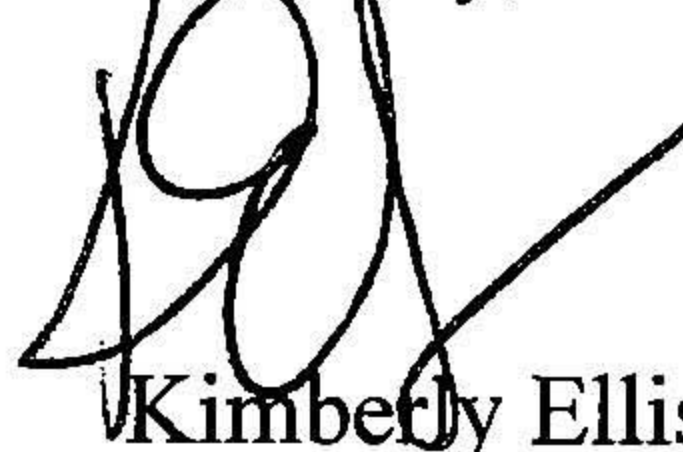

Dear Mr. LOVELL,

This letter is a follow up to your email of 9/13/2010 regarding the report alleging a potential Conduct Regulation violation that may have occurred. Also, you submitted written information to the Office of Judicial Programs on Friday September 10, 2010.

The purpose of our meeting was to let you see the report that was submitted, discuss the University's judicial process and, most importantly, determine whether or not there was enough information to move forward with judicial charges. The information you presented was taken into consideration. After reviewing the report and reviewing your materials, I did not find sufficient evidence to move forward.

This matter is considered closed. Should you have any questions regarding the content of this letter, please do not hesitate to contact me at 706-542-1131.

Sincerely,

Kimberly Ellis
Associate Dean of Students
