This the email I just received from Heather. I am curious as to why I can't start a TPUSA chapter. I'm going to campus tomorrow to meet with her.

Do you guys have any talking points that I should mention and make sure my college is aware of?

Thanks, Moriah.

Hi Moriah! I was able to talk to the dean and also to the director of public information and government relations, Beth Kirkpatrick. You and I can talk about the club tomorrow, but the highpoints are:

- a. We can start a Republican Club, but not a Turning Point USA Club, though club members can belong to that national organization.
- b. We can start a Republican Club as long as we also start a Democrat Club at the same time
- c. Clubs can set up displays and distribute information about candidates, but candidates will not be allowed on campus to campaign
- d. Clubs will need to work in conjunction to hold candidate debates – all candidates must be invited to all debates/forums, as appropriate

See you tomorrow! I'm doing a campus tour from 10 – 11 a.m., but should be in the rest of the day. - Heather

Hello Heather,

I hope you remember me, my name is Moriah DeMartino and we spoke last week on campus about my desire to start a Turning Point USA chapter on HCC's campus. You told me you would speak to the dean and I'm just wondering how that is going? I'll be on campus for awhile tomorrow, Tuesday 8/17. So if you had any updates me for me, you can either email me or I can just drop in tomorrow.

Let me know,

Moriah DeMartino
