to me

Hello Samuel,

I received your voicemail and I need to follow up with you regarding your upcoming event on 09/21. First, this event will require 3-4 security present which will cost an estimated amount of \$360.00. Once paid, Facility Operations will provide the security for the event. This event cannot continue without security. Second, does your organization have a faculty sponsor? If so, who? Please let me know. I look forward to hearing back from you with more details.

Thank you,  
Alex

to Alexandra

Our faculty adviser is Scott Paeth, in the religious studies department. I'm not sure I understand why hiring security guards at the cost of our club for this event is necessary, considering that it is being hosted by a registered student organization and will be attended by primarily students. If you could fill me in on this, that would be great.

Thanks,  
- Sam Peiffer

to me

Good morning Sam,

Thank you for this information. We require security officers for this event because of the potentially controversial nature of the meeting and the external guest speaker. I do understand that the majority of the attendees are internal and that your student organization is internal but because of the nature of the meeting we do require public safety to be present. Please let me know how you wish to proceed with this event. If you want to continue with it, you will receive an invoice with the amount. Let me know if you have any questions about this. Thank you.

Best,  
Alex

Hey Alex,

We will be proceeding with this event on 9/21, even though we are being required to pay a \$360 fee for campus cops to be present - something we feel is arbitrary and unnecessary.

Where is your office located? I would like to stop by or chat on the phone some today so that we can discuss the "potentially controversial nature" of the DePaul Socialists' 2016 campus launch - I'd like to have a better understand of why this policy is being used against anti-racist organizing on campus, and be able to share with my club any relationship this may have with the Free Speech Task Force.

Thanks,  
- Sam
