Dear [REDACTED]

David took the time to share your tweet with me. As you can imagine, I am so sorry to hear that this incident occurred. Residential Life is particularly concerned as well and will be following up with you. I have also taken the liberty of sharing the video with our UConn police. If you wish, you are welcome to file a complaint for the police to investigate. We are here to support you, [REDACTED]

While I cannot undo the harm that was done, I hope our actions in some way show how much you mean to the UConn community. I am sorry if this event put that into question in any way.

My best,

Eleanor JB Daugherty, EdD
