Good evening,

Thank you for your interest in starting a new student group at Worcester State. The Senate has declined to approve your club for the following reasons:

- Negative impact on campus climate based on information from reputable sources, including but not limited to the Anti-Defamation League and Southern Poverty Law Center
- Contradictory answers to questions
- Lack of clarity about the relationship between the parent organization and chapter

While there is no formal appeal process, you are welcome to reapply in the following academic year. The deadline to submit your charter and club registration form is December 1st.

In addition, please find attached the meeting minutes from 02-27-2020, as requested.

Thank you,

WSU Student Senate
