**Subject:** [External Sender] Current situation at campus Important for continued safety.

Today one of our associates are walking into your building armed with an AR15 rifle with an illegally additional auto sear as well as explosives we will not be naming for reasons undisclosed. It was recently brought to our attention that one of the colleges employees demonized the police openly during a conversation with a student defending his right to free speech. We feel as if there may be a stigma and atmosphere in your establishment that enables this sort of neo leftist behavior, We have had enough we are not associated to the moderate right nor do we agree with what the person in question had to say but we will not stand idle while children are being taught to oppose everything their nations stand for not only in this scenario. One of our associates will be walking in today with an AR15 and multiple unnamed explosive devices in order to attempt to attack only employees. We are leaving this message as an explanation to our motive to this attack.

Thanks for taking the time to read this,

This is war.

Yours, The new Klan.
