Dear Mr. Greenberg,

I am in receipt of your letter dated February 2, 2021 regarding the application of a proposed student group, Students for a National Health Program (SNaHP). While I appreciate your strong advocacy on behalf of a student, please know that the proposed club was not denied in any way based on viewpoint or to infringe on free speech or freedom of association, but instead based on the standards set forth in the Criteria for Approval of a New Student Organization. The SGA found that there was an incompleteness of ideas, goals, and sustainability measures, matters that are considered for every application. The proposed student group also failed to submit a constitution in accordance with the standards. However, the group was invited to reapply and may do so at any time.

Sincerely,

*Stacy R. Purcell*
