Please note that this request does not seek a search of records held by student publications, including the Texan News Service. These requests should in no way be construed to include a review or search of email accounts, websites, or other forms of data or document retention which are controlled by the Texas News Service or other student media, students, alumni, or faculty members, nor by governmental or advisory bodies controlled by the same. Any search should be limited to documents held by the administration and/or its staff members. information: If you deny any portion, or all, of this request, please provide me with a written explanation of the reason(s) for your denial, including a citation to each specific statutory exemption you believe justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. If you conclude that portions of the records that I request are exempt from disclosure, please release the remainder of such records for inspection and copying, redacting only the portion or portions that you claim are exempt. MEMORANDUM

DATE March 28, 2018

TO: Complainant 2
Student

FROM: Dr. Dwayne Snider (Designated Administrator)
Associate Vice President, Academic Affairs

Dr. Dwayne Snider

RE: Decision - Complaint Dated June 27, 2017

On February 26, 2018, I received the investigation report regarding the above-referenced complaint. On March 9, 2018, I requested some clarification from the investigative authority. On March 20, 2018, I received the revised final investigation report regarding the above-referenced complaint addressing the following allegations:

- Did [Respondent] sexually harass [Complainant], Complainant 2, and/or Complainant 3?

The investigative authority concluded: "Based on the preponderance of the evidence (i.e., more likely than not), I conclude that [Respondent] did not sexually harass [Complainant] or the other two anonymous complainants. There were no witnesses to the comments of a sexual nature attributed to him, and he denied making them. Therefore, the allegations that [Respondent] sexually harassed [Complainant] or the other two anonymous complainants are unsubstantiated."

- Did [Respondent] create a hostile educational environment?

The investigative authority further concluded: "... that the comments of a sexual nature attributed to [Respondent] were not sufficiently severe, persistent, or pervasive so as to unreasonably interfere with a student's educational environment or performance. Therefore, the allegation that [Respondent] created a hostile educational environment is unsubstantiated.

The investigative authority further concluded: "That being said, the fact that three separate female students were sufficiently concerned about [Respondent's] interactions with them to report them is troubling. Further, [Respondent's] invitation to a student for dinner, drinks, and a movie was inappropriate, and his admitted sharing a hotel room with a student was highly inappropriate and unprofessional behavior."

I have carefully reviewed and considered the complaint and the investigation report with exhibits and I concur with the conclusions.

Based on this finding, I recommend that Respondent's employment with the University be terminated.

You have a right to appeal in accordance with the provisions of TSU Rule 08.01.01.T1, *Civil Rights Compliance*, within Five (5) business days of receipt of this letter. In accordance with the provisions of A&M System Regulation 08.01.01, *Civil Rights Compliance*, subsection 4.5.1, an appeal should be submitted only on the following bases, as applicable:

- (a) A procedural error or omission that significantly impacted the outcome;
- (b) New evidence, unknown or unavailable during the investigation, that could have significantly impacted the outcome; or
- (c) The appropriateness or severity of the sanctions.

If you wish to inspect a redacted copy of the investigation report and exhibits please contact Ms. Angie Brown, Assistant Vice President for Employee Services at (254) 968-9128.

Pursuant to A&M System Regulation 08.01.01, subsection, 4.5.1, the decision with regard to the appeal will be final.

TARLETON STATE UNIVERSITY

Member of The Texas A&M University System

September 30, 2021

Dr. Eric Morrow
Box T- 0190
Tarleton State University

Dear Dr. Morrow,

In response to an inquiry from the Foundation of Individual Rights in Education (FIRE), the Texas A&M University System has reviewed the status of the "Texas News Service". Their finding was that Texas News Service (TNS) was never established as an independent student publication at Tarleton. The only publication that operates in that capacity is the J-TAC.

Instead, their finding was that TNS was created and operated within the Department of Communication Studies to support communication and journalism education. It operates within the department as an instructional lab providing learning and internship experiences via university employment as Interns to Learn under the guidance of departmental faculty and departmental leadership. Specific courses using TNS for a laboratory experience include COMM 1316, COMM 2311, COMM 2333, COMM 3308, COMM 3317, and COMM 3318.

Given the interpretation of OGC, it is imperative that the TNS operate only as an instructional laboratory for students and interns. Please work with departmental leadership to assure operations are aligned with that understanding.

Sincerely,

Karen R. Murray, Ph.D.
Provost and Executive Vice President
Academic Affairs

Dear Mr. Moore:

This letter is an effort to procure compliance with three requests issued under the Texas Public Information Act (“PIA”) by FIRE¹ to the Texas A&M University System and to Tarleton State University. I trust that you are the appropriate recipient for this letter. If you are not, I respectfully request that you direct this letter to the appropriate individual.

The relevant requests relate to two issues: First, the requests relate to Tarleton State’s response to a frivolous litigation threat issued by a former professor, Michael Landis, over student newspaper *Texan News Service*’s coverage of students’ allegations that Landis sexually harassed them—allegations that culminated in a recommendation that he be terminated. Landis entered into a separation agreement with Tarleton State on September 25, 2018, releasing the Texas A&M University System and waiving “all claims and liabilities associated with or related to his employment.” Despite his waiver and the relevant statute of limitations, Landis retained new counsel some three years later and threatened to sue over articles published in 2018.² Undeterred by the First Amendment, Tarleton State compelled the student newspaper to remove the articles from the internet.

Second, the requests seek documentation related to the governance structure of *Texan News Service*. FIRE understands that the newspaper is currently housed within an academic department, that Tarleton State had considered allowing it to become a student organization, and that—after compelling *Texan News Service* to remove the articles about Landis from the

¹ The Foundation for Individual Rights in Education (FIRE) is a nonpartisan, nonprofit organization dedicated to defending liberty, freedom of speech, due process, academic freedom, legal equality, and freedom of conscience on America’s college campuses.

² Letter from Diana R. Warshow, Esq., Nesenoff & Miltenberg, LLP, to Texan News Service, July 27, 2021, available at <https://www.thefire.org/michael-landis-takedown-notice-to-texas-news-service-july-27-2021>.

internet—Tarleton State ultimately decided not only to maintain the newspaper’s current organizational structure, but imposed additional governance restrictions on student editors’ editorial freedom.

On October 5, 2021, FIRE issued three PIA requests:

1. A request to Tarleton State (1) seeking emails and communications mentioning Texan News Service or Landis, (2) notes, memoranda, and other records related to TNS or Landis, (3) Landis’ personnel record, and (4) any disciplinary records or agreements regarding Landis. (“Request 1,” referred to in Tarleton State’s Open Records Portal as F002355-10052, and enclosed as Exhibit A).
2. A request to Tarleton State for (1) “all emails and other communications . . . pertaining to any demand, request, or other correspondence from attorney Diana R. Warshow on behalf of her client Michael Landis,” (2) other records related to Warshow’s demand, and (3) records related to a request for comment on the Landis situation by journalist Nell Gluckman (“Request 2,” referred to in Tarleton’s Open Records Portal as F002356-100521, and enclosed as Exhibit B).
3. A request to the Texas A&M University System substantively reflecting Request 1. (“Request 3,” referred to in Texas A&M’s Open Records Portal as F002439-101521, and enclosed as Exhibit C).

For each of these requests, FIRE elected not to waive the requirement that the responding agency obtain a decision from the Office of the Attorney General before withholding responsive information subject to a discretionary exception.³ Where a governmental body fails to seek an attorney general decision, the requested information “is presumed to be subject to required public disclosure and must be released” in the absence of “compelling” circumstances.⁴ Regarding Requests 1 and 2, Tarleton State did not seek such a decision.

While Tarleton State has produced some records in response to Requests 1 and 2, those records, enclosed as Exhibit D, were incomplete. Tarleton State withheld responsive records in their entirety without explanation.

For example, Tarleton State should have produced, but did not, the September 30, 2021 memo from Tarleton State Provost and Executive Vice President for Academic Affairs to its Dean of the College of Liberal & Fine Arts, related to the governance and editorial independence of *Texan News Service*.⁵ It also failed to produce the March 28, 2018, memorandum issued by Tarleton State’s Associate Vice President for Academic Affairs—a document we know exists because it was published by the Tarleton State student newspaper.⁶

⁵ Memo. from Dr. Karen R. Murray, Provost and Vice Pres., Academic Affairs, Tarleton State Univ., to Dr. Eric Morrow, Dean, College of Liberal & Fine Arts, Tarleton State Univ., Sept. 30, 2021 (on file with author).

⁶ Memo. from Dr. Dwayne Snider, Assoc. Vice Pres., Academic Affairs, Tarleton State Univ., to Complainant 2, Student, Tarleton State Univ., Mar. 28, 2018, *available at* <http://texannews.net/wp-content/uploads/2018/03/032818-Decision-to-Complainant2-re-062717-Complaint.pdf>. That the record

These records are presumed to be subject to required disclosure and must be promptly released. The exclusion of specific records FIRE knows to exist leads us to question whether Tarleton State failed to produce other responsive documents of which we are generally aware, such as communications and notes related to the review of the status of *Texan News Service*, which are referenced in the September 30, 2021 memo.

FIRE would prefer to resolve this matter promptly without the need for further action, and we look forward to receiving complete responsive records to Requests 1 and 2 by Tuesday, November 30, 2021. We trust that Tarleton State will take this opportunity to comply with its obligations under the Texas Public Information Act.

This request concerns a matter of public interest, namely the First Amendment rights of student media at public universities. The public interest would be well-served by granting a fee waiver. The request is not being sought for a commercial purpose, but is instead

sought by a nonprofit organization with the intent of providing the public with information concerning the conduct of government actors as that conduct pertains to civil liberties in higher education. FIRE has the means to disseminate the information sought to the public through its website, where it regularly publishes news and studies concerning government affairs. Further, pursuant to Gov't Code § 552.275 (l), FIRE may not be required to pay costs for public records requests. Further, FIRE qualifies under Gov't Code § 552.275(j)(1), as FIRE's website is a news medium engaged in the dissemination of news and information to the general public. If a fee waiver is not granted, please apprise me if the estimated costs will exceed \$5.00. Please also provide a W-9 form.

Production of records: If possible, I request that responsive records be produced in an electronic format, preferably by email. If it is necessary to send records by mail, my address is: Foundation for Individual Rights in Education Attn: Lindsie Rank 510 Walnut Street Suite 1250 Philadelphia, PA 19106

Request for expedited processing: The records pertain to a matter of public importance and current debate. Providing expedited production of the records will facilitate the public understanding of these matters before they are fully resolved. Any undue delay in production will undermine the purpose of the public records laws, which serve to allow public input and oversight of government affairs.

Appeal information: If you deny any portion, or all, of this request, please provide me with a written explanation of the reason(s) for your denial, including a citation to each specific statutory exemption you believe justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. If you conclude that portions of the records that I request are exempt from disclosure, please release the remainder of such records for inspection and copying, redacting only the portion or portions that you claim are exempt. For any exemptions, please note whether they are discretionary and, if so, the basis for refusing to exercise discretion in favor of granting access. Request for

Privilege Log: If any otherwise responsive documents are withheld on the basis that they are privileged or fall within a statutory exemption, please provide a privilege log setting forth (1) the subject matter of the document; (2) the person(s) who sent and received the document; (3) the date the document was created or sent; and (4) the basis on which Tarleton State University contends it is entitled to withhold the document from production. We're hopeful that Tarleton State University will provide a timely and complete response. If any part of this request is vague or ambiguous, or if we could otherwise be of assistance in interpreting or narrowing this request, please do not hesitate to contact me by phone or email.

Re: Letter Dated November 19, 2021

Dear Mr. Walters:

We are in receipt of your November 19, 2021 letter. You contend that Tarleton State University (“university”) did not properly respond to two open records requests (Nos. F002355-100521 and F002356-100521)¹ submitted by the Foundation for Individual Rights in Education (“FIRE”). Specifically, you contend that: “While Tarleton State has produced some records in response to Requests 1 and 2 [F2355 and F2356], those records, enclosed as Exhibit D², were incomplete. Tarleton State withheld responsive records in their entirety without explanation.” After receiving your letter, we reviewed the university’s response to these requests and have determined that the university’s responses complied with the Texas Public Information Act and FIRE’s instructions.

Your letter omits a significant fact that explains the university’s response to F2355 and F2356, and your letter also incorrectly suggests that the university did not explain the basis for what was redacted/withheld. For F2355 and F2356, FIRE answered “YES” to the following question: “Do you agree to the redaction of information that is subject to mandatory exceptions, provided such redactions are clearly labeled on information you receive?” On November 5, 2021, the university released certain responsive information to FIRE through the university’s open records portal and notified FIRE that certain responsive information was being redacted or withheld pursuant to listed mandatory exceptions to disclosure. According to the university’s open records portal, FIRE attorney Lindsie Rank reviewed the university’s responses within minutes. The university’s responses to F2355 and F2356 are enclosed as Exhibit 1, and you will note that each response lists the specific statutory basis for redacting or withholding information and any additional notices required by the Texas Public Information Act.³ Thus, the university only

¹ These requests are referenced as “F2355” and “F2356” in this letter.

² Your letter did not include records enclosed as Exhibit D.

³ You will also note that a number of the listed exceptions to disclosure authorize a governmental body to withhold information without requesting a decision from the Office of the Attorney General.

redacted or withheld information as authorized by FIRE, and the university explained the basis for redacting/withholding such information in its responses to F2355 and F2356.

In summary, the university appropriately responded to FIRE's requests and has no obligation to take further action. Please contact me at 979-458-6144 or rbm@tamus.edu if you have any questions about this letter.
