Subject: Meeting Request to Discuss a Complaint

Hi Walter,

I hope this email finds you well. We got a complaint regarding your ECON-B330 class. The complaint includes the following points: 1) the use of terms such as "oriental" or "good girl"; 2) a comparison between Gandhi and Hitler as two people on the same side of a left/right, good/bad spectrum; and 3) the possible connections between the Mises Institute and the Neo-Nazi ideology.

I would like to talk to you about this complaint as soon as possible. However, next week I will be out of the country. Are you available the week of October 18th for a Zoom meeting?

Thank you,

Uriel
