E. Gender-Based Conduct Prevention and Education

Montclair State University and all colleges and universities are required to educate students, faculty and staff on the prevention of sexual assault, including rape, domestic violence, dating violence and stalking. Montclair State has contracted with Vector Solutions to provide an online interactive training program to students, faculty and staff. Employees and students will receive separate training modules directly from Vector Solutions.

The training is self-paced so one can start and leave the course, and when one returns the course will open to the last page visited.

You should receive an email from Vector Solutions inviting you to complete the online course within the first two weeks of your hire. If you do not receive a link, please email hrcompliance@montclair.edu.
