WESTERN MICHIGAN UNIVERSITY CODE OF HONOR

Western Michigan University (WMU) is a student-centered research university that forges a responsive and ethical academic community. Its undergraduate, graduate, and professional programs are built upon intellectual inquiry, investigation, discovery, an open exchange of ideas, and ethical behavior. Members of the WMU community respect diversity, value the cultural differences of those around them, and engender a sense of social obligation. Because of these values, all individuals are expected to conduct themselves in a professional and civil manner. This includes exemplifying academic honesty, integrity, fairness, trustworthiness, personal responsibility, respect for others, and ethical conduct. These attributes are exhibited in the University setting as well as in the community. Article I: General Provisions and University Mission Statement

Western Michigan University is a student-centered research university, building intellectual inquiry, investigation, and discovery into all undergraduate, graduate, and professional programs. The University provides leadership in teaching, research, learning, and public service. Nationally recognized and internationally engaged, the University:

- Forges a responsive and ethical academic community
- Develops foundations for achievement in pluralistic societies
- Incorporates participation from diverse individuals in decision making
- Contributes to technological and economic development
- Engenders an awareness and appreciation of the arts

The Student Code and Student Rights and Responsibilities are tangible examples that illustrate commitment to these ideals. The Student Code describes the boundaries of acceptable student behavior and is approved by the Board of Trustees. office of Student Rights and Responsibilities interprets and enforces the Student Code.

A student who chooses to enroll at Western Michigan University assumes the obligation for conduct that is compatible with the University's mission as an educational institution. While students have the privilege to enroll at the institution of their choice, choosing to enroll at Western Michigan University requires a student to become aware of, and abide by the behavior standards of the University. Ignorance of acceptable boundaries of student behavior as contained in the Student Code is not a basis for excusing inappropriate behavior.

The University conduct process is not analogous to, is not equivalent to, and does not conform to, criminal law processes. This process is designed, in part, to determine responsibility, or lack thereof, for violations of the Student Code only -- not guilt or innocence relative to criminal matters. The University conduct process shall be informal in nature so as to provide substantial justice and it shall not be bound by the same proceedings, definitions, or rules which apply in the courts of law.

The conduct of students in the educational community is a part of the teaching process and as such, its focus shall primarily be educational. This includes the possible use of suspension or expulsion as conduct sanctions as they may prove invaluable tools in the education of students in the University community. The student conduct system is not only concerned with the individual student's welfare, but also the welfare of the University community. Any question about the processes, rules, or policies, or any other concern not specifically covered by the Student Code, shall be decided solely by the Vice President for Student Affairs (VPSA)/Dean of Students/or designee. Additionally, the Student Code provisions may be extended or amended to apply to new and unanticipated situations which may arise.

Enrollment in the University does not insulate students from their obligation to behave in a manner consistent with local, state, and federal law. Violation of local, state, and/or federal law while on University premises may also constitute a violation of the Student Code. Some of the policies referred to in the Student Code may also constitute violations of local, state, or federal law and carry the possibility of criminal prosecution or civil legal action.

While the University does not desire to act as an authority for the activities of students off of University premises, the University may take appropriate action in situations involving misconduct demonstrating flagrant disregard for any person or persons, and/or when a student's or student organization's behavior is

judged to threaten the health, safety, and/or property of any individual or group even when the misconduct occurs off of University premises.

While any violation of the Student Code is considered a serious matter, certain violations are considered to be especially egregious. These violations include acts of academic misconduct, any act that disrupts the functions of the University, and any act that threatens the health, safety, or property of any member of the University community or any other person. Students involved in these activities are considered a threat to the orderly functioning of the University and their behavior is considered detrimental to the educational mission.

5. Decisions made by a conduct body are final pending the normal hearing process.

Article IV: Proscribed Conduct

A. Jurisdiction of the University

Generally, the Student Code shall apply to conduct which occurs on University premises and at University sponsored activities. The University may take action in off-campus situations involving flagrant disregard for any person or persons; or when a student's or student organization's behavior is judged to threaten the health, safety, and/or property of any individual or group; or any other activity which adversely affects the University community and/or the pursuit of its objectives. The appropriate staff in Student Rights and Responsibilities/or designee, shall decide, on a case by case basis, whether the Student Code shall be applied to conduct occurring off-campus. The Student Code shall apply to a student's conduct even if the student withdraws from the University while a conduct matter is pending. The Student Code does apply at Western Michigan University branch and overseas campuses. In the event a Student Code violation occurs at a location off of University premises, it may not be feasible or practical to follow the procedures outlined in this Student Code. Therefore, the University reserves the right to take those actions which are necessary for the safe and orderly maintenance of its programs and relationships with others.

B. Conduct Policies

Any student found to have committed the following misconduct is subject to conduct sanctions outlined in Article V:

1. **Academic misconduct** – Including but not limited to the following:
 - a. Cheating: Cheating is intentionally using or attempting to use unauthorized materials, information, notes, study aids or other devices or materials in any academic exercise.
Clarification:
 - i. Students completing any examination are prohibited from looking at another student's examination and from using external aids (for example, books, notes, calculators, conversation with others) unless specifically allowed in advance by the faculty member.
 - ii. Students may not have others conduct research or prepare work for them without advance authorization from the faculty member. This includes but is not limited to the services of commercial term paper companies.
 - b. Fabrication, falsification, and forgery: Fabrication is the intentional invention and unauthorized alteration of any information or citation in an academic exercise. Falsification is a matter of altering information while fabrication is a matter of inventing or counterfeiting information for use in any academic exercise or University record. Forgery is defined as the act to imitate or counterfeit documents, signatures, and the like.
Clarification:
 - i. "Invented" information shall not be used in any laboratory experiment, report of results or academic exercise. It would be improper, for example, to analyze one sample in an experiment and then "invent" data based on that single experiment for several more required analyses.
 - ii. Students shall acknowledge the actual source from which cited information was obtained. For example, a student shall not take a quotation from a book review and then indicate that the quotation was obtained from the book itself.

- iii. Falsification of University records includes altering or forging any University document and/or record, including identification material issued or used by the University.
 - c. Multiple submission: Multiple submission is the submission of substantial portions of the same work (including oral reports) for credit more than once without authorization from faculty members of all classes for which the student submits the work.
Clarification:
 - i. Examples of multiple submission include submitting the same paper for credit in more than one course without all faculty members' permission; making revisions in a credit paper or report (including oral presentations) and submitting it again as if it were new work.
 - d. Plagiarism: Plagiarism is the use of someone else's language, ideas, or other material without making the source(s) evident in situations where there is a legitimate expectation of original work. Plagiarism does not occur when efforts to promptly identify sources by making source use apparent to the audience of the submitted material are obvious. Plagiarism may not necessarily include mistakes in citation style.
A legitimate expectation of original work exists for numerous circumstances, including (but not limited to): scholarly writing, technical presentations and papers, conference presentations and papers, online discussion postings, grant proposals, patents, book and other manuscripts, theses and dissertations, class assignments, artistic works, computer code, algorithms, and other creative works.
This definition applies to the entire WMU community, which includes all faculty; students; staff; visiting faculty, scholars, administrators; and any other person governed by academic research and other policies of the University.
 - e. Complicity: Complicity is intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
Clarification:
 - i. Examples of complicity include knowingly allowing another to copy from one's paper during an examination or test; distributing test questions or substantive information about the materials to be tested before the scheduled exercise; collaborating on academic work knowing that the collaboration will not be reported; taking an examination or test for another student, or signing another's name on an academic exercise.
 - ii. Collaboration and sharing information are characteristics of academic communities. These become violations when they involve dishonesty. Faculty members should make clear to students expectations about collaboration and information sharing. Students should seek clarification when in doubt.
 - f. Academic computer misuse: Academic computer misuse is the use of software to perform work which the faculty member has told the student to do without the assistance of software.
2. **Alcohol use or possession** – Including but not limited to public intoxication, use, possession, manufacturing or distribution of alcoholic beverages except as expressly permitted by law and University regulations.
3. **Credit card misuse** – The unauthorized use of another's credit card, debit card, charge card, secured card, smart card or any other instrument of credit.

4. **Dishonesty** – Including but not limited to the following:
 - a. Furnishing false information to any University official, faculty member, or office.
 - b. Forgery, alteration, or misuse of any University document, record, account, computer account, or instrument of identification.
 - c. Tampering with an election conducted by any Western Michigan University Registered Student Organization.
 - d. Acting as an agent of the University without authorization.
 - e. Furnishing false information to a law enforcement officer(s) acting in accordance with their duties

5. **Disruptive behavior** – Behavior by any student, in class or out of class, which for any reason materially disrupts the class work of others, involves substantial disorder, invades the rights of others, or otherwise disrupts the regular and essential operation of the University. This includes, but is not limited to the following:
 - a. Disruption, or interference which impedes, impairs or obstructs teaching, research, administration, conduct proceedings, other University missions, processes, or functions including public-service functions or other authorized University or non-University activities when the conduct occurs on University premises.
 - b. Participation in a campus demonstration which disrupts the normal operation of the University and/or infringes on the rights of other members of the University community; leading or inciting others to disrupt scheduled and/or normal activities within any campus building or area; or intentional obstruction which unreasonably interferes with freedom of movement, either pedestrian or vehicular, on campus or other University property.
 - c. Obstruction of the free flow of pedestrian or vehicular traffic on University premises or at University-sponsored or supervised functions.
 - d. Conduct which is disorderly; breach of peace; or aiding, abetting, or procuring another person to breach the peace on University premises or at functions sponsored by, or participated in, by the University or members of the academic community.
 - e. Instances where a student engages, or threatens to engage, in behavior which poses an immediate danger of causing physical harm to others; or
 - f. Instances which cause significant property damage, or would directly and substantially impede the lawful activities of others; or
 - g. Instances where a student's behavior disturbs normal University operations, consumes an inordinate amount of University staff time and/or resources, or may interfere with the educational process and/or the orderly operation of the University.

6. **Drug possession or use** – Use, possession, exchange, manufacturing, or distribution of marijuana, heroin, narcotics, other controlled substances and/or paraphernalia, except as expressly permitted by law.

The Michigan Medical Marijuana Act of 2008 (MMMA) and the passage of Michigan Proposal 1 2018 notwithstanding, WMU is subject to the Federal Drug-Free workplace Act of 1988 and the Federal Drug-Free Schools and Communities Act amendment of 1989, both of which prohibit controlled substances on campus, including marijuana. **Therefore, pursuant to federal law, the use or possession of any marijuana, medicinal or recreational, is not permitted anywhere on WMU's campus.**

7. **Entry or use** – Entry into or use of University premises or property or remaining in any area on University premises which is unauthorized or any entry into or use of private property which is unauthorized.
8. **Failure to comply** – Failure to comply with direction of University officials or law enforcement officers acting in performance of their duties.
9. **Fire or safety equipment misuse** – Tampering with or misuse of fire or any other safety equipment, or disregarding, circumventing, or disabling any security or safety device or system.
10. **Hazing** – Any act which endangers the mental or physical health or safety of a person, embarrasses, frightens, or degrades a person or which destroys or removes public/private property, for the purpose of initiation, admission into, or affiliation with, or as a condition for continued membership, in a group, organization/team. The expressed or implied consent of the alleged person against whom the actions have been taken will not be a defense. Apathy or acquiescence in the presence of hazing are not neutral acts; they are violations of this rule.
11. **Identification misuse** – The use of another person's identity, password, identification number, University identification card or any other identification card; or assisting another to misuse any identity, password, identification number, University identification card or any other identification card.
12. **Conduct system abuse** – Including but not limited to:
 - a. Failure to set up and/or attend an appointment when directed to do so by a University official.
 - b. Falsification, distortion, or misrepresentation of information before a conduct body.
 - c. Disruption or interference with the orderly conduct of a conduct proceeding.
 - d. Initiation of a conduct proceeding when one knows or reasonably should have known that the proceeding was without cause.
 - e. Attempting to discourage an individual's proper participation in, or use of, the conduct system.
 - f. Attempting to influence the impartiality of a member of a conduct body prior to, and/or during the course of, the conduct proceeding.

- g. Harassment (verbal or physical) and/or intimidation of a member of a conduct body, complainant, or witness, prior to, during, and/or after a conduct proceeding.
 - h. Failure to comply with the sanction(s) imposed under the Student Code. A student who fails to complete any sanctions imposed upon them by the deadline imposed by the conduct body, is not eligible to register for classes, receive financial aid, receive a diploma, or obtain any transcripts (official or unofficial) until they comply with the terms of the original sanctions and any additional sanctions imposed due to the failure to complete the original sanctions in a timely manner.
 - i. Influencing or attempting to influence another person to commit an abuse of the conduct system.
13. **Obscene or harassing communication** – including but not limited to: Making obscene or harassing telephone calls, sending obscene or harassing letters, email, or using any medium to communicate in an obscene or harassing manner.
- a. **Bullying / Cyber-bullying** – Repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control or diminish another person, physically or mentally (that is not speech or conduct otherwise protected by the 1st Amendment). C. Violation of Law and University Conduct

1. University conduct proceedings may be instituted against a student charged with violation of a law, which may also constitute a violation of the WMU Student Code. Proceedings under the WMU Student Code may be carried out prior to, simultaneous to, or following civil or criminal proceedings off-campus at the sole discretion of the appropriate staff in Student Rights and Responsibilities/or designee. Conduct proceedings will be carried out independent of any off-campus proceedings. Determinations made or sanctions imposed under the Student Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of University rules were dismissed, reduced, or resolved in favor or against the criminal law defendant.
2. If a student is charged only with an off-campus violation of federal, state, or local laws, but not with any other violation of the WMU Student Code, conduct action may be taken and sanctions imposed. In such cases, no sanction may be imposed unless the student has been found guilty in a court of law, has declined to contest such charges, although not actually admitting guilt (e.g., “no contest” or *nolo contendere*) or where a conviction results from plea bargaining which is accepted by the court of competent jurisdiction.
3. When federal, state, or local authorities charge a student with a violation of law, the University will not request or agree to special consideration for that individual because of their status as a student. If the alleged offense is also being processed through the Student Code, the University may advise off-campus authorities of the existence of the Student Code and of how such matters will be handled internally within the University community.

The University is committed to cooperating fully with law enforcement and other agencies in the enforcement of violations of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions.) Individual students and faculty members, acting in their personal capacities, remain free to interact with governmental representatives, as they deem appropriate.

Article V: Conduct Hearings

Anyone may provide information to Student Rights and Responsibilities regarding an alleged violation(s) of the Student Code by a WMU student. The information shall be presented in writing and directed to the appropriate staff in Student Rights and Responsibilities/or designee. Information should be submitted as soon as possible after the event takes place, preferably within five University business days.

The appropriate staff in Student Rights and Responsibilities may conduct an investigation to determine if the information has merit and/or if the situation can be resolved administratively by mutual consent of the parties involved on a basis acceptable to the appropriate staff in Student Rights and Responsibilities. Such resolution shall be final and there shall be no subsequent proceedings. If the situation cannot be resolved by mutual consent, the appropriate staff in Student Rights and Responsibilities/or designee, may later serve in the same matter as the conduct body or a member thereof. If the student admits responsibility for violating University policies, but sanctions are not agreed to, subsequent processes, including a hearing if necessary, shall be limited to determining the appropriate sanctions.

Any formal charge(s) that result from information brought to Student Rights and Responsibilities shall be presented to the respondent in written form by a conduct body. Cases that are likely to result in suspension or expulsion shall be heard no sooner than 24 hours after notice to the student. All other cases shall be dealt with in a more informal manner and may be heard simultaneously with notice.

Allegations of violations of Article IV, Section B.01 of the Student Code are brought forward by the faculty member of the course and reviewed using the process described in Article VI.

Complaints under the Western Michigan University Sexual and Gender-Based Misconduct Policy (www.wmich.edu/sexualmisconduct), will be reviewed using the process described in the policy.

Hearings shall be conducted by a conduct body according to the following guidelines:

- a. The appropriate staff in Student Rights and Responsibilities/or designee shall decide hearing type for each case.
- b. When the choice is made to use a member within Student Rights and Responsibilities/or designee to hear a case, the conduct body may be expanded, at the sole discretion of the appropriate staff in Student Rights and Responsibilities, to a total of either three or five members, with the staff member from Student Rights and Responsibilities staff/or designee, serving as chairperson.
- c. Hearings shall be closed to the public.
- d. Admission of any person to the hearing shall be at the discretion of the appropriate staff member in Student Rights and Responsibilities/or designee.
- e. In cases involving more than one respondent, the hearing concerning each student may be conducted separately or together. This determination will be made solely at the discretion of the appropriate staff member in Student Rights and Responsibilities/or designee.
- f. The respondent and witnesses may be assisted by one support person of their own choosing and at their own expense. Support persons are not permitted to speak or to participate directly in any

hearing before a conduct body. All communications related to the case (before, during and after a hearing) shall be directed to the respondent and not to any support person.

- g. The respondent shall provide the hearing body with a written list of witnesses or any support person at least 24 hours in advance of the hearing.
- h. The respondent and the conduct body shall have the privilege of presenting witnesses. Witnesses are subject to questioning in an appropriate manner by the respondent and the conduct body.
- i. Pertinent records, exhibits and written statements may be accepted as evidence for consideration by a conduct body at the sole discretion of the appropriate staff within Student Rights and Responsibilities/or designee.
- j. All procedural questions are subject to the final decision of the chairperson of the conduct body.
- k. After the hearing, the conduct body shall determine (by majority vote if the conduct body consists of more than one person) if the respondent is/is not responsible for violation of each section of the Student Code for which the student is charged.
- l. The conduct body's determination shall be made on a preponderance of evidence.
- m. There may be a single verbatim record, such as a digital recording, of hearings before a conduct body. This record shall be the property of the University.
- n. Except in the case of a student charged with failing to set up or keep an appointment with a staff member in Student Rights and Responsibilities/or designee, no student may be found to have violated the Student Code solely because the student failed to attend a conduct hearing. In all cases, the evidence in support of the charges shall be presented and considered. The failure of a student to appear shall not preclude a hearing from proceeding.

A. Sanctions

- 1. The following sanctions may be imposed upon any student found to be responsible for violation of the Student Code. Sanctions may be used independently or in combination depending on the particular circumstance of the violation. More than one of the sanctions may be imposed for any single violation; chronic and/or multiple violations shall increase the severity of sanctions applied. Sanctions are listed in order of severity from least severe to most severe.
- 2. Sanction determination shall be based on the severity of the current conduct violation, and/or previous conduct violations (if any), and/or the current conduct status of the student found responsible, and/or the threat to the health, safety or property of any person, and/or any other reasonable factor. Sanctions shall be determined as a discrete and separate part of the hearing process and only after a finding of responsibility has been reached.
- 3. Where there is reason to believe that a student has intentionally selected a person or persons to victimize or selected property to damage, or violated other provisions of the Student Code because of the personal characteristics or status of a person or group of persons or personal characteristics or status of the owner(s) or occupant(s) of any property, sanctions may be increased. These characteristics include, but are not limited to: race, color, religion, national origin, sex, sexual

orientation, gender identity, age, protected disability, veteran status, height, weight, or marital status. Intent shall be determined by consideration of all relevant circumstances.

4. Any student who fails to complete any sanctions given to them by the deadline stated by the conduct body is not eligible to register for classes, receive financial aid, receive a diploma, or obtain any transcripts (official or unofficial) until they comply with the terms of the original sanctions and any additional sanctions imposed due to the failure to complete the original sanctions in a timely manner.
 - a. **Warning:** verbal or written notice that specific inappropriate conduct is unacceptable.
 - b. **Reprimand:** An official written censure containing three components. A reprimand for inappropriate behavior, notice that the conduct associated with the violation must stop immediately and permanently, and notice that additional violations shall result in more severe sanctions.
 - c. **Behavior Contract:** A written contract between the student and the University wherein the student agrees to correct inappropriate behavior.
 - d. **Discretionary Sanctions:** Service to the University, service to the community, attendance at educational seminars, classes, or workshops, written assignments, or other activities deemed appropriate by the conduct body. The student is required to submit written proof of participation in and/or completion of the sanction to the conduct body. (Some seminars, classes, and workshops may require a registration fee.)
 - e. **Restitution:** Compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
 - f. **Loss of Privileges:** Denial of specified privileges for a designated period of time. Examples of privileges that can be denied include: academic program dismissal, campus registration of an automobile, parking in a specific area or during specific time periods, access to a building or portion of a building, access to a program, on-campus living, holding of an office in a Registered Student Organization, participation in extra-curricular activities, access to a particular living group and any other privilege that the conduct body deems appropriate to deny.
 - g. **Probation:** Probation requires that a student's conduct be reviewed for a specified period of time. Conditions of the probationary period will be specified to the student by the hearing body and may be applied during the probationary period. All conditions must be satisfied and verified prior to the completion of the probationary period. If a student is found responsible for violation of any institutional policy(s) during the probationary period, more severe sanctions could be applied.
 - h. **Suspension:** Separation of the student from the University or a University program for a period of time, after which the student is eligible to return. During this time, the student under suspension shall forfeit all rights of their student status for the duration of their suspension and may have their privileges of access to University premises revoked. Conditions for readmission and/or continued enrollment after readmittance may be specified. All conditions for readmission must be satisfied, completed and certified to Student Rights and

Responsibilities/or designee prior to readmittance. Also, a written plan for adherence to conditions of continued enrollment after readmittance from a suspension shall be provided to Student Rights and Responsibilities/or designee for review and approval.

- i. **Expulsion:** Permanent separation of the student from the University. An expelled student shall have no access to University premises and shall forfeit all rights of their student status immediately and permanently upon expulsion.
 - j. **Revocation of degree:** A degree awarded from WMU may be revoked for fraud, misrepresentation, or other violation of University standards in obtaining the degree, or for other serious violations committed by a student prior to graduation. Being a degree holding alumna is sufficient association with the University and basis for application of this sanction.
 - k. **Withholding degree:** The University may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Code, including the completion of all sanctions imposed, if any.
5. Sanctions listed above in Section A4, a through k, may be imposed upon groups or organizations.
 6. In each case in which a conduct body determines that a student is responsible for violation of the Student Code, the sanction(s) shall be determined and imposed by the appropriate staff member in Student Rights and Responsibilities/or designee. In cases in which persons other than, or in addition to, staff in Student Rights and Responsibilities have been authorized to serve as the conduct body, the recommendation of all members of the conduct body shall be considered by the appropriate staff in Student Rights and Responsibilities/or designee in determining and imposing sanctions. The appropriate staff in Student Rights and Responsibilities/or designee will not be limited to sanctions recommended by members of the conduct body. Following the hearing, the appropriate staff in Student Rights and Responsibilities/or designee shall advise the respondent in writing of the outcome and sanction(s) imposed, if any.

B. Conduct Records/Files

Individual conduct files that contain cases that have resulted in the sanction of suspension or expulsion shall be kept permanently on file. All other individual files shall be kept for seven years after any sanctions expire unless they are expunged (as described below.) Students may request to have their conduct record expunged under the conditions listed below. Expungement shall be at the sole discretion of the appropriate staff in Student Rights and Responsibilities and shall require the entire record to be expunged or none of it to be expunged (i.e., no partial expungement shall be allowed). Conditions include:

1. Application for expungement shall occur only upon completion of all degree requirements and attainment of a degree.
2. Expungement may occur only for students who have sanctions other than suspension or expulsion and whose violations were determined not to have threatened or endangered the health or safety of any person. Records for a student(s) who has been suspended or expelled are not eligible for expungement.
3. Expungement decisions shall be made based on obvious long-term improvement in behavior, or lack thereof, (e.g., no violations of the student code for two or more consecutive semesters prior to graduation), and/or demonstration, or lack thereof, of cooperation in previous student conduct matters, and/or any other reasonable factor.

C. Interim Action

In certain circumstances, the VPSA/Dean of Students/or designee, may impose an action (including University suspension) prior to a hearing before a conduct body or investigation.

1. Interim action may be imposed only in:
 - a. Instances where a student engages, or threatens to engage, in behavior which poses an immediate danger to the health, well-being or safety of others; or
 - b. Instances which cause significant property damage, or would directly and substantially impede the lawful activities of others; or
 - c. Instances where a student's behavior disturbs normal University operations, consumes an inordinate amount of University staff time and/or resources, or may interfere with the educational process and/or the orderly operation of the University.
2. During the interim suspension and/or trespass, students shall be denied access to University housing and/or campus (including classes) and all other University activities or privileges for which the student might otherwise be eligible, as the VPSA/Dean of Students/or designee may determine to be appropriate.
3. Students placed on interim action are entitled to a subsequent hearing within a reasonable time period.
4. A student shall remain suspended and/or trespassed until all appeals are exhausted, or the appeal deadline is passed or the VPSA/Dean of Students/or designee determines otherwise.

D. Voluntary Assessment, Involuntary Assessment

In the following circumstances a voluntary or involuntary assessment can be requested:

1. Instances where a student engages, or threatens to engage, in behavior which poses a danger of causing physical harm to others; or
2. Instances which cause significant property damage, or would directly and substantially impede the lawful activities of others; or
3. Instances where a student's behavior disturbs normal University operations, consumes an inordinate amount of University staff time and/or resources, or may interfere with the educational process and/or the orderly operations of the University.

Direct Threat

In determining whether an individual poses an imminent danger or a direct threat to the health or safety of others, the University will make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence, to ascertain: the nature, duration, and severity of the risk; the probability that the potential injury will actually occur; and whether reasonable modifications of policies, practices, or procedures will mitigate the risk.

A. Voluntary Assessment

When a student is referred to the VPSA/Dean of Students/or designee based on behavior listed in Section D, #1-3, the student is required to meet with the VPSA/Dean of Students/or designee as requested. The VPSA/Dean of Students/or designee may include in this meeting staff from Western Michigan University's Counseling Services/Sindecuse Health Center or other units as appropriate. If, based on the content of the discussion, the student agrees to have an assessment; the VPSA/Dean of Students/or designee shall designate/refer the student to qualified professionals (licensed psychologist, counselor, psychiatrist, and/or physician) for assessment. The University will incur the cost for the assessment. The licensed professional is empowered by these regulations to share general information and the outcome of the assessment with the VPSA/Dean of Students/or designee and/or the Early Intervention Team (EIT). The minimum necessary information will be disclosed and will be held by the VPSA/Dean of Students/or designee and/or the EIT in confidence and will be shared only with those University employees with a legitimate need to know. The student may not be accompanied by anyone during the evaluation.

The licensed psychologist, counselor, psychiatrist, and/or physician shall evaluate the student to determine if there are serious concerns associated with the student's behavior. The licensed psychologist, counselor, psychiatrist, and/or physician shall advise the VPSA/Dean of Students/or designee of the outcome of the evaluation as a result of the assessment. The VPSA/Dean of Students/or designee may consult the (EIT), or other internal/external advisors.

The VPSA/Dean of Students/or designee shall be the sole decision maker as to the composition of this committee. The student may be requested to appear before the EIT. VPSA/Dean of Students/or designee will notify the student in writing. If the VPSA/Dean of Students/or designee determines that the student poses an imminent danger or a direct threat to the health or safety of others, they may recommend an immediate interim suspension.

B. Referral for an Involuntary Assessment

The VPSA/Dean of Students/or designee shall be empowered to make referrals for an involuntary assessment when students engage in behaviors listed in section D, #1-3. Students referred for an involuntary assessment shall be informed in writing, and the student shall also be given a copy of these procedures. Delivery of these documents will be either by personal delivery or by certified mail with return receipt requested and delivery restricted to the student only.

The VPSA/Dean of Students/or designee shall designate/refer the student to qualified licensed professionals (licensed psychologist, counselor, psychiatrist, and physician). The licensed psychologist, counselor, psychiatrist, and physician is empowered by these regulations to share general information and the outcome of the assessment with the VPSA/Dean of Students/or designee and/or the EIT. The University will incur the cost for the assessment. The licensed professional is empowered by these regulations to share general information and the outcome of the assessment with the VPSA/Dean of Students/or designee and/or the EIT. The minimum necessary information will be disclosed and will be held by the VP/Dean of Students and/or the EIT in confidence and will be shared only with those University employees with a legitimate need to know. The student may not be accompanied by anyone during the evaluation. The assessment of the student must be initiated according to the deadline stipulated in the letter and completed within three university business days unless an extension is granted by the VPSA/Dean of Students/or designee.

C. Return Requirements

Following a determination that a student poses a direct threat to the health or safety of others, Western Michigan University may require as a precondition to a student's return that the student provide documentation that the student has taken steps to mitigate the previous behavior (e.g., followed a treatment plan, submitted periodic reports, granted permission for the institution to talk to the treating professional).

E. Appeals

1. The respondent has the right to appeal. Appeals shall be submitted to Student Rights and Responsibilities via the online form available at wmich.edu/conduct within five University business days (regular business hours 8 a.m. – 5 p.m.) An appeal letter must meet two conditions: (1) cite the basis of the appeal from the options outlined below and (2) provide sufficient and detailed information to support the appeal. Failure to meet either or both of these conditions shall be sufficient cause to deny an appeal. The Chair of the Appeals Board for cases resulting in suspension or expulsion or the Appeal Officer for all other cases, in consultation with staff in Student Rights and Responsibilities, shall make the determination as to whether both conditions have been met.
2. In cases not resulting in suspension or expulsion, decisions of the Appeal Officer are final.
3. The Appeals Board shall review cases involving suspension and expulsion only. The board shall consist of one faculty member appointed by the Faculty Senate, one staff member appointed by the President's office, two undergraduate students, and one graduate student. Each shall serve a term of one calendar year and may be reappointed for subsequent terms. If appointees are unable to serve for any reason, the vacancy shall be filled immediately by the appropriate appointing body. Appeals Board members must attend training seminars provided by Student Rights and Responsibilities as a condition of their initial and continued membership on the Board.

4. An Appeal Officer is appointed and authorized by the VPSA/Dean of Students/or designee to hear cases not involving suspension or expulsion as a sanction. An Appeal Officer may, at the sole discretion of the VPSA/Dean of Students/or designee, expand to a panel of a total of three people appointed by the VPSA/Dean of Students/or designee. The Appeal Officer shall be chairperson of the panel.
5. In cases involving suspension or expulsion, the decision of the Appeals Board may be appealed by the respondent or University to the Vice President for Student Affairs/or designee by submitting the online appeal form within five (5) University business days of receipt of the Appeals Board's decision.
6. The appeal process shall be limited to a review of the file and supporting documents (except as necessary to gain insight into any new information). The following are the only accepted bases for appeal.
 - a. To determine whether the original hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complainant a reasonable opportunity to prepare and present information that substantiates that the Student Code was violated, and giving the respondent a reasonable opportunity to prepare and present rebuttal of those allegations.
 - b. To determine whether the decision reached regarding the actions of the respondent were based on sufficient information, that is, whether the facts in the case were sufficient to establish that it is more likely than not that a violation of the Student Code occurred, and the student was responsible
 - c. To consider new information sufficient to alter a decision or other relevant facts not brought out in the original hearing because such information and/or facts were not known to the person appealing at the time of the original hearing.
7. The Appeals Board, the Appeal Officer or the Vice President for Student Affairs/or designee may take any of the following actions in response to an appeal: choose not to review the case, which leaves the findings and sanctions from the previous level intact; review the case and uphold the findings and/or sanctions from the previous level; review the case and reverse a finding of responsibility for any or all charges; review the case and modify the sanctions (enhanced or lessened); review the case and require that it be heard again by the original conduct body or a new conduct body at the discretion of the Appeal Board, the Appeal Officer or the Vice President for Student Affairs or designee.
8. Decisions made by a conduct body shall not be final until an appeal deadline is passed, when the appeal process is exhausted, or when a student chooses not to appeal. The appeal process shall be exhausted upon one review of the appeal by the appropriate appeal body.
9. Appeals regarding the resolution of complaints under the Western Michigan University Sexual and Gender-Based Misconduct Policy will be reviewed under the guidelines and procedures set forth in that policy.

Article VI: Academic Conduct Hearing Process

Western Michigan University's academic honesty and conduct in research policies have been created and defined by members of its academic community, recommended by its faculty senate, and adopted by its board of trustees. The processes necessary to support these policies are managed and facilitated by Student Rights and Responsibilities (SRR).

This section applies to cases in which a student is to be charged with a violation of Article IV. Section B.01: Academic Misconduct.

1. **Charging a student with a violation:** A faculty member submits the academic misconduct charge form indicating the charge(s). Charges of academic misconduct should be made within 20 University business days of discovery of the misconduct. In some instances, academic misconduct may be discovered after a course or program of study is completed. No academic sanction shall be assessed without a finding of responsibility through this process. After submission of the charges, the course syllabus, original assignment, and supporting documentation shall be submitted electronically to Student Rights and Responsibilities. Upon submission of charges, a hold is placed on the student's account. SRR will contact the student for an appointment to meet with a staff member. The student is expected to respond to communications from SRR as outlined in Article IV, Section 8.12. During the meeting with the student, an Academic Conduct Process Form will be completed.
2. **If the student accepts responsibility:** SRR will contact the faculty member and the faculty member may impose an academic sanction including a reduced or failing grade for the assignment(s) in question up to failure of the course in which the student is enrolled. SRR may also impose non-grade-related sanctions ranging from a warning to expulsion from the University, as described in Article V.A.4.
3. **If the student does not accept responsibility:** SRR will consult with the faculty member to ascertain the faculty member's preference as to the hearing type. The hearing may be a meeting between the faculty member and the student or a meeting between the student, faculty member, and an Academic Integrity Hearing Panel (AIHP). An Academic Integrity Hearing Panel will consist of three faculty members and two students, selected using procedures established by the Professional Concerns Committee of the Faculty Senate. The choice of hearing type is the faculty member's. SRR will set up the hearing and will notify the student and faculty member of its time, date, and location. The faculty member is expected to respond to communications from SRR in a timely manner, typically five University business days. Should the faculty member fail to make timely responses, the case shall proceed to an AIHP hearing, notwithstanding the faculty member's selection of hearing type. The failure of either the student or faculty member to appear shall not preclude a hearing from proceeding, nor prejudice its outcome.
4. **If the student wants to appeal a finding of responsibility after an instructor hearing:** A student may appeal a finding of responsibility resulting from an instructor hearing to an Academic Integrity Hearing Panel within five University business days. The student cannot appeal after that time has elapsed.
5. **The authority of the Academic Integrity Hearing Panel:** An Academic Integrity Committee will conduct hearings to determine whether the student is responsible for academic dishonesty. The decision of the Academic Integrity Panel is final and may not be appealed. An Academic Integrity Hearing Panel makes no decisions regarding the sanctions and/or grades to be imposed, either by the faculty member or by SRR.
6. **If a finding of "responsible" has been made:** A finding of "responsible" occurs when a student accepts responsibility, the faculty member so decides in an instructor hearing, or an Academic Integrity Hearing Panel so decides by majority vote. When that finding has occurred, the faculty member may impose an

academic sanction including a reduced or failing grade for the assignment(s) in question up to failure of the course in which the student is enrolled. A decision by the faculty member regarding a grade sanction cannot be appealed by the student once the student has been found responsible and has exhausted or waived all appeals of the finding. Also, once the student has been found responsible and has exhausted or waived all appeals of the finding, that student's continued attendance in the relevant class depends on the grade penalty imposed by the faculty member and/or the sanctions from SRR. If the faculty member determines to fail the student in the course, the student is not permitted to continue attending or participating in class, whether virtually or in person. In all cases when a final finding of responsibility has been made, the finding will be included in the student's educational record. Students will not be permitted to withdraw from the course in question during the Academic Integrity Hearing process nor after a finding of responsibility.

7. **If a finding of "not responsible" has been made:** If a finding of "not responsible" has been made, the charge is dismissed, and sanctions shall not be imposed.
8. **While a case is pending:** A case is considered pending until one of two events occurs:
 1. The student accepts responsibility or
 2. the hearing process is completed.

While a case is pending, the student has the right to attend and participate in the class. If the case is pending at the end of the semester, the faculty member shall assign an Incomplete grade and then submit a change of grade consistent with the finding of responsible/not responsible within five University business days of the completion of the process.

9. **Faculty member unavailable to assign grade:** Circumstances may arise wherein a faculty member cannot or does not assign a grade in a timely manner. In such instances, the faculty member's academic unit chair/director shall make reasonable efforts to contact and ask the faculty member to supply a grade. If these efforts are unsuccessful, the faculty member's academic unit chair/director shall appoint another qualified faculty member to assign the grade.

Article VII: Interpretation and Revision

1. Any question for interpretation regarding the Student Code shall be referred to the VP/SA/Dean of Students/or designee for final determination.
2. The Student Code shall be reviewed every year and revised as needed under the direction of the appropriate staff in Student Rights and Responsibilities/or designee.

Appendices:

Appendix A: Discrimination – Complaints and Grievance Procedure

Western Michigan University, in accordance with the law, prohibits discrimination in the provision of all student instruction, activities, and programs. Discrimination based on race, color, religion, national origin, sex, sexual orientation, gender identity, age, protected disability, veteran status, height, weight, or marital status shall not be tolerated in the determination of eligibility, participation, or grading for any courses or program established for the benefit of students unless otherwise provided by law.

Students who have inquiries about the University's Non-Discrimination Policy or about anti-discrimination laws, including Title IX and the Rehabilitation Act of 1973, or who have complaints of prohibited discrimination, may file their inquiries and complaints with the Office of Institutional Equity, 1220 Adrian Trimpe Building (269)387-6316.

The Office of Institutional Equity will receive and investigate complaints of prohibited discrimination filed by students and may assist the students in resolving their concerns. The complaint, an oral allegation or charge against the University, an employee(s), or agent, stating prohibited discrimination has occurred, must be filed with the Office of Institutional Equity within 180 days of the alleged prohibited discrimination and/or harassment.

The finding from the factual investigation is reported to the complainant and the accused, as well as the appropriate University representatives (e.g., Office of Student Rights and Responsibilities). Additional University or other procedures may follow based on the finding. (OIE Sept. 2014)

Appendix B: Family Educational Rights and Privacy Act of 1974

The Family Educational Rights and Privacy Act of 1974 is a Federal law which states that: (a) a written institutional policy must be established, and (b) a statement of adopted procedures covering the privacy rights of the students must be made available. The law provides that the institution will maintain the confidentiality of student education.

Western Michigan University accords all the rights under the law to students who are declared independent. No one outside the institution shall have access to, nor will the institution disclose any information from students' educational records without the written consent of the students, except to personnel within the institution, to officials of other institutions in which students seek to enroll, to persons or organizations providing students financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the Act.

Within the Western Michigan University community, only those members, individually or collectively, acting in the students' educational interest are allowed access to student educational records. These members include faculty, administration, clerical and professional employees, and other persons who manage student record information (e.g., Office of the Registrar, Academic Records Office, Controller, Financial Aid, and the Office of Admissions and Orientation).

At its discretion, the institution may provide Directory Information in accordance with the provisions of the Act to include: student name, address, telephone number, date and place of birth, curriculum and major field of study, dates of attendance, enrollment status (full/part time), degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams.

Students may withhold Directory Information by notifying the Academic Records Office in writing within the official drop-add period of each semester or session.

Western Michigan University has established administrative procedures necessary to accomplish and ensure compliance with the Act, specifically including procedures permitting students to inspect and review their educational records and the opportunity for discussion or a hearing if a student challenges any materials in such records. These procedures are outlined in Western Michigan University's Undergraduate and Graduate Catalogs. The University Registrar is designated as the officer with responsibility for insuring University compliance with this law.

Appendix C: Tobacco Free Campus

Western Michigan is dedicated to providing a healthy, comfortable, and productive environment for students, faculty, staff, guests and visitors in accordance with the Michigan Clean Indoor Air Act and the University's own directives and policies.

The use of tobacco products is only permitted in enclosed personal vehicles. The use of tobacco products is not permitted indoors or outdoors on any University property. Tobacco products are defined to include the following: cigarettes, electronic-cigarettes, cigars, bidis, snuff, snus, water pipes, pipes, hookahs, chew, any other non-combustible tobacco products, and any/all other vaping materials.

Approval may be granted for limited tobacco use by an executive level committee consisting of the Provost, VP Business and Finance, the VP Student Affairs as well as consultation with the President. Approval will only be given for activities that are necessary in order to conduct essential University business. Exceptions will be reviewed on an annual basis.

Appendix D: Animals

No student owning or having under their control any animal shall permit such animal to be brought upon the University property without having a leash suitably attached to the animal and with the leash held by the person responsible. Keeping animals, reptiles, or birds in University buildings, except when authorized through University processes or law, is a violation of this policy, and the animals are subject to impoundment.

Appendix E: Proper Use of University Name

The name "Western Michigan University" ("WMU"), WMU insignias, signature, seal, athletic marks, etc. (collectively "WMU marks") belong to WMU. WMU marks may not be utilized in any fund-raising, advertising, marketing, promotional activity or other venture by any student organization, entity or individual without prior written approval from authorized University representatives. Unauthorized use shall subject the user to sanctions, including but not limited to those sanctions set forth in the Student Code and The Registered Student Organization Handbook.

Appendix F: Michigan Amnesty Law

In 2012, the State of Michigan, to better ensure that minors at medical risk as a result of alcohol intoxication will receive prompt and appropriate medical attention adopted a medical amnesty law to remove perceived barriers to calling for or seeking help. This concept was expanded in 2016 by the "Good Samaritan" law, to include amnesty for controlled substance, including prescription drugs.

Michigan law continues to prohibit a minor from purchasing, consuming or possessing alcoholic liquor and from having any bodily alcohol content. The 2012 medical amnesty law provides an exemption from prosecution for the following:

- A minor (under the age of 21) who, after consuming alcohol, voluntarily presents themselves to a health facility or agency for treatment or observation, including medical examination and treatment for any condition as a result of sexual assault (as defined in Michigan law).
- Any minor (under the age of 21) who accompanied an individual who, after consuming alcohol, voluntarily presented themselves to a health facility or agency for treatment or observation, including medical examination and treatment for any condition as a result of sexual assault (as defined in Michigan law).
- Any minor (under the age of 21) who initiated contact with law enforcement or emergency medical services personnel for the purpose of obtaining medical assistance in connection with a legitimate health care concern.

Similarly, Michigan law continues to prohibit the purchase, consumption and possession of controlled substances. The Good Samaritan law of 2016 provides an exemption from prosecution for the following*:

- Any individual who voluntarily seeks medical assistance for themselves as a result of an overdose of any controlled substance, including a prescription drug.
- Any individual who accompanies or procures medical assistance for another individual as a result of an overdose of any controlled substance, including a prescription drug.
- Any individual who as a result of an overdose of any controlled substance, including a prescription drug, is presented for medical assistance by a third party.

**when the amount of the drug possessed is sufficient only for personal use*

Western Michigan University reserves the right to find a student in violation of university policy for consuming and/or being in possession of alcohol or controlled substances. However, the penalties for violation are more educational than punitive. Additionally, while the violation may or may not become a part of your academic record, it does not become a part of your legal record.
