

Campus Climate Concern

A campus climate concern can include actions that discriminate, stereotype, exclude, harass or harm anyone in our community based on their identity (such as race and ethnicity, gender and gender identity, sexual orientation, socioeconomic status, language, culture, national origin, religious commitments, age, (dis)ability status, political perspective and other variables related to life experience). Concerns may stem from fear, misunderstanding, hatred, or stereotypes. Behaviors may be intentional or unintentional.

Anyone who feels they have been affected by a campus climate concern is encouraged to make a report to Campus Climate Support (CCS) utilizing this form. CCS is not a disciplinary body, cannot impose sanctions, and does not require participation in any aspect of CCS's work. CCS's purpose is to support students, faculty, or staff, and connect them to resources. A longer-term desired outcome is that over time these efforts contribute to the maintenance of respect and understanding among members of the University community, improving the campus climate for all its constituents.

Please note: submitted concerns are reviewed during normal business hours and are not consistently monitored after hours, on weekends, or during official University holidays.

This form is NOT for Emergency Services or 911: If this is an emergency or if you have experienced a crime, please contact the [Department of Public Safety](https://www.umflint.edu/safety/) at 810-762-3333 or by dialing 911 prior to filling out this form.
