Student Code of Conduct

Student Code of Conduct

The Student Code of Conduct Policy outlines acceptable and unacceptable behavior at The University of Tulsa.

The policy is effective until a revised policy has been approved. In addition to checking with the Office of Student Life for any revisions to this policy, please be aware that all higher education institutions are subject to revisions in federal law and regulations.

TU acts in compliance with federal requirements as they become effective, even if not always in conformity with the university's own statements, policies and codes as adopted and published.

Under the provisions of the Student Code of Conduct, students and appropriate university staff members who believe they have been victims of, witnessed or have information about violations should [submit a complaint form](#) to initiate an appropriate investigation.

Specifically, it is incumbent upon each University of Tulsa student to:
 1. Respect order, fairness, morality, and the rights of others.
 2. Obey the laws of the land and the regulations, rules, and policies of the University.

3. Any student found to have engaged in the following conduct will be subject to disciplinary action or involuntary withdrawal (See policy on Involuntary Withdrawal) by the University.

Prohibited Conduct

The University of Tulsa is a space for students to experience growth in their academic and personal lives. Any person may file a report of misconduct by submitting a report through [CaneCares](#).

As part of the complaint intake and initial assessment of the facts, as applicable to the type of conduct at issue and the source of the report, the Office of Student Life will:

- Assess the nature and circumstances of the allegation;

Student Conduct Proceedings

1. The University uses formal and informal resolution options when students and/or student organizations are charged with or suspected of violations of university policy.
2. The conduct procedures outlined herein, apply to all student conduct proceedings arising from alleged violations of University policy, including the Code of Student Conduct, except where an alternative procedure is specifically provided for by the University policy at issue.
3. Conduct subject to academic standards under the policies of a specific program (i.e., law, nursing) may also be subject to review under additional disciplinary procedures of that program.
4. The President (or designee) and Dean of Students have the right to proceed summarily to find misconduct and impose sanctions in cases of serious consequence, where they determine such action is in the best interests of the University.

Administrative and Informal Resolution

If the University is the complainant or there is no individual complainant:

1. Notice of Allegations and Procedural Options
 - The accused student shall be notified in writing of the allegation of misconduct. The written notice shall include the student's right to dispute the allegation, either through administrative resolution or hearing before the USCB. Where deemed appropriate in their sole discretion, the Case Administrator (Dean of Students or designee) may include in the written notice a proposed sanction to be imposed if the student chooses not to contest the allegation.
 - The accused student shall have no less than five (5) business days from when the

written notice is issued to decide to dispute the allegation.

- If an accused student disputes the violations at issue, the accused student has the right to a hearing by a conduct panel of the USCB but may voluntarily elect administrative resolution as provided herein. If the student elects an administrative resolution, the student waives the right to a hearing and the related procedural guarantees provided by the USCB.
- In any instance where the accused student does not contest the violations at issue, the Case Administrator may issue a finding of misconduct and decide the appropriate sanction rather than have the complaints referred to the Conduct Board for a hearing. The student shall have the right to appeal the sanction (see #3, below).

2. Investigation and Findings (where student contests misconduct)

- If the student disputes being responsible for the alleged misconduct, the Case Administrator (or designee) will conduct an investigation into the complaint.
- The Case Administrator will meet, virtually or in person, with the accused student, who will have the opportunity to provide a response to the allegations. The student may also submit a written response to the allegations. If the student declines to meet, the Case Administrator may proceed with making determinations of responsibility and sanction.
- The Case Administrator shall determine if the accused student is responsible for violating University policy and the sanction(s) to be imposed. The Case Administrator shall notify the student of the decision in writing.

3. Appeal

- Within five (5) business days of the Case Administrator's final decision, the student may request an appeal to the Provost (or Provost's designee) but may do so only upon the grounds that the sanction is grossly disproportionate in light of the offense committed and the disciplinary history of the student.

4. If an accused student does not admit to the violations at issue, the accused student has the right to a hearing by a conduct panel of the USCB but may voluntarily elect an informal resolution as provided herein. If the student elects an informal resolution, the student waives the right to a hearing and the related procedural guarantees provided by the USCB.

- The Case Administrator (or designee) will conduct an investigation into the complaint.
- The Case Administrator will meet, virtually or in person, with the accused student, who will have the opportunity to provide a response to the allegations. If the student declines to meet, the Case Administrator may proceed with making determinations of responsibility and sanction.
- The Case Administrator shall determine if the accused student is responsible for violating University policy and the sanction(s) to be imposed. The Case Administrator shall notify the student of the decision.

If there is an individual (non-institutional) complainant:

1. Notice of Allegations and Procedural Options

- The accused student shall be notified in writing of the allegation of misconduct. The written notice shall include the student's right to a hearing before the USCB, and the option to resolve the complaint informally with the mutual consent of the complainant.
1. Informal Resolution by Mutual Consent
 - At any time prior to a USCB hearing, with the consent of the complainant, an accused student may waive the right to proceedings by the USCB and elect to proceed through informal resolution by mutual consent.
 - The Case Administrator will attempt to support the parties involved in reaching an informal resolution by mutual consent on a basis acceptable to the Case Administrator.
 - As a condition of the informal resolution process, the Case Administrator shall obtain the mutual consent of the parties to share the results of the informal resolution with the other party, including any sanctions imposed, as well as the completion status of such sanctions.
 - Such disposition shall be final and there shall be no subsequent proceedings.
 - If the matter cannot be disposed of by mutual consent, the matter may be referred to the USCB. The Case Administrator may later serve in the same role for the USCB proceeding.

Formal Resolution (USCB Hearing)

USCB Membership

The USCB of the University shall be composed of the Dean of Students (or designee) as a permanent member and of an additional 12 to 14 members appointed for one-year terms as follows:

1. At least four (4) faculty members selected by the President of the Faculty Senate.
2. At least four (4) University Staff members recommended by the President of the University (or designee).
3. Four (4) undergraduate students appointed annually by the President of the Student Association with the approval of the Student Senate.
4. The Dean of Students (or designee) shall appoint the Chair of each hearing panel.
5. If the Student Association fails to appoint members, the Dean of Students (or designee) may select students to fill the positions.
6. If there is a vacancy among the members of the USCB, the Dean of Students (or designee) may appoint a temporary member.
7. All student members are subject to the approval of the Dean of Students.
8. All members may be re-appointed to serve more than one term.

Hearing Panels

Each panel will consist of five USCB members.

The USCB Hearing Process

1. Quorum
 - For USCB hearings virtually or in person, three (3) members (in any combination) of

the Conduct Board constitute a quorum. If the Conduct Board is unable to attain a quorum within a reasonable period of time, the Dean of Students (or designee) may appoint temporary members as needed.

- If fewer than three (3) voting members of the Conduct Board are present at the opening of a hearing, the hearing may be postponed until three (3) voting members can be convened, or, upon written agreement of the chairperson, complainant, and respondent, the requirements in this subsection may be waived.
- Any member of a hearing panel may voluntarily recuse him or herself from a particular proceeding. Participation of a hearing panel member can also be challenged by a complainant or respondent.
- If there is no quorum due to a member's recusal or removal, the hearing will be delayed until an alternate member of the USCB can be selected.

2. Jurisdiction

- The USCB has jurisdiction over all student offenses except where an alternative procedure is specifically provided for by the University policy at issue (e.g., Title IX). An offense is any act or omission by a student or student organization that violates University policies and regulations as stated in the Student Code of Conduct; the Statement of Student Rights, Freedoms, and Responsibilities; or any other official University document or publication. It shall also be regarded as an offense if a student violates federal, state, or local laws as they might pertain to the student's relationship to the University.
- The USCB shall have original jurisdiction to hear complaints respecting student offenses, and the USCB shall have appellate jurisdiction regarding the conduct procedures of the Interfraternity Council (IFC) and residence hall disciplinary proceedings.
- The jurisdiction of the USCB is non-exclusive and shall not deprive the President or Dean of Students of the right to proceed summarily in cases of serious consequence, where the Dean of Students determines such action is in the best interests of the University.
- The USCB serves as the final level of appeal for student complaints.

USCB Hearing Participants

1. **The University Conduct Case Administrator**
The University Conduct Case Administrator (Dean of Students or Designee) organizes the hearing procedures, including recruiting the panel, communicating to all parties about the hearing date and time, and distributing case materials to all parties. The Case Administrator is responsible for deciding upon matters related to witnesses, evidence, and procedures. The USCB chair and/or the Case Administrator may exclude from a hearing any person in attendance who disrupts a hearing. The Case Administrator may consult with the USCB and other University officials as necessary.
2. **Complainant**
Person(s) or entity making a complaint or referral regarding a student or student group who allegedly violated University policy.

3. Respondent

A student or student group who has allegedly violated University policy.

4. Advisors

- In a USCB hearing, the respondent(s) and/or complainant(s) may have a non-attorney advisor of their choice. The advisor may generally assist the respondent(s) and complainant(s) during the hearing. The advisor may attend the University Conduct Board Hearing but will not question witnesses, provide statements or speak on behalf of a student. Neither the complainant nor the respondent is obligated to meet with an advisor.
- The respondent(s) and complainant(s) will specify whether an advisor will be assisting them, and if so, provide the name of the person chosen.

5. Attorneys

- If a USCB hearing involves allegations of sexual misconduct or allegations of conduct that could constitute a capital/life offense under Oklahoma criminal law, the respondent(s) and/or complainant(s) may be accompanied by an attorney. The attorney may not participate in the hearing. The attorney may advise their client with respect to their testimony. Any attorney in attendance will comply with all guidelines for the USCB hearing process.
- If a party desires to be accompanied by an attorney, that party will provide the Case Administrator with the attorney's name, address, and phone number at least four (4) days prior to the date of the hearing.
- The University may have an attorney present at the hearing.

USCB Pre-Hearing Procedures

1. Notice and Investigation

- The University will conduct an investigation into the alleged misconduct. Such investigation may include by conducting interviews, collecting documents and records, and collecting or examining other evidence.
- No less than fourteen (14) days before the hearing, the Case Administrator will provide the respondent(s) with written notification of the charges, and the time and place of the hearing, virtually or in person.
- The Case Administrator shall conduct a pre-hearing interview and review the pre-hearing checklist with each party.
- No less than seven (7) days prior to the hearing, the complainant and the respondent must each present to the Office of Student Life copies of all documents to be introduced at the hearing as well as written copies of any witness testimony that will be presented in person or by summation, including a brief summary of anticipated testimony.
- No less than five (5) business days before the hearing, the Case Administrator shall provide the parties with a copy of any investigative reports generated by the University with respect to the matter, copies of any documents to be introduced at the hearing by either party, and a list of those witnesses whose testimony will be

presented in person or by summation through a Conduct Officer, including a brief summary of the anticipated testimony.

2. Witnesses

- The respondent(s) and complainant(s) will provide the Case Administrator with a written list of witnesses they would like to appear at the hearing at least five (5) days prior to the hearing by 9:00 AM. The Case Administrator will notify the parties of any witnesses who have been selected to appear at the hearing.
- Character witnesses are not permitted.
- Fact witnesses must provide a written statement summarizing their proposed testimony to the Case Administrator at least seven (7) days prior to a Conduct Board Hearing.
- The "complainant" (*including the University in situations where the complainant does not wish to proceed on their own*) and the "respondent" are each responsible for notifying their own witnesses of the time, place, and date of the hearing. The University shall notify members of the student community that failure to appear as a witness may result in a charge against them under the Student Code of Conduct for failing to comply with requests from University staff.
- If, after the deadline described herein, either party believes that there is new information which may substantially influence the outcome of the hearing, they may make a written request to the Case Administrator that the information be admitted to the hearing.

USCB Hearing Procedures

USCB hearings proceed as follows virtually or in person:

1. The Conduct Board may make an audio and/or video recording or verbatim stenographic record of the proceedings upon its own initiative or by request of either party.
2. The chair of the USCB panel reads the charge(s) and informs the respondent(s) of the right to remain silent.
3. The Case Administrator is available to answer any questions posed by the USCB Chair.
4. The Complainant may make an opening statement.
5. The Respondent may make an opening statement.
6. The respondent(s) and the complainant(s) may ask questions of all witnesses who are called to the hearing. It may be required that all questions be directed through the Chair of the USCB panel. At the discretion of the Chair of the USCB panel, witnesses may be recalled.
7. The complainant may make a closing statement.
8. The respondent may make a closing statement.
9. Formal rules of process, procedures, and/or technical rules of evidence, such as are applied in criminal or civil court are not used in Conduct Board proceedings.
10. The Conduct Board examines the evidence and the testimony of any witnesses, including the respondent and complainant.

11. The Conduct Board shall determine by a preponderance of the evidence presented at the hearing whether the respondent has committed a violation of the University policy or policies at issue. A preponderance of the evidence means that the Conduct Board must determine whether, based solely on the evidence presented at the hearing, it is more likely than not that the respondent committed the alleged violation.
12. If an accused student, with notice, does not appear before a Student Conduct Board Hearing, the information in support of the complainant shall be presented and considered even if the accused student is not present. This includes situations where the student withdraws from the University pending a hearing.

USCB Deliberations: Determination of Responsibility

1. Following the closing statements, the University Student Conduct Board shall deliberate in executive session (only hearing panel members and legal counsel for the University may be present during the session) to reach a decision and to determine if the respondent(s) is responsible for violation(s) of the University policy or policies at issue. If so, the Conduct Board shall recommend appropriate sanction(s) up to expulsion from the University, including any accompanying terms (see Sanctions and Accompanying Terms), to the Dean of Students. The Conduct Board shall determine by a preponderance of the evidence presented at the hearing whether the respondent has committed a violation of the University policy or policies at issue. A preponderance of the evidence means that the Conduct Board must determine whether, based solely on the evidence presented at the hearing, it is more likely than not that the respondent committed the alleged violation.
2. If the Conduct Board makes a determination of responsibility against the respondent, then the Case Administrator may inform the USCB of any prior disciplinary finding(s) and sanction(s) against the respondent prior to the Conduct Board's determination of the appropriate sanction.
3. If the respondent is found not responsible, the board shall close the case, subject to the appeal rights set forth below.
4. If a majority of the Conduct Board finds that it is more likely than not that the student is partially/fully responsible for an alleged offense, the Conduct Board shall recommend a sanction. The Dean of Students reserves the right to increase or decrease the severity of any sanction recommended in the conduct review process.
5. The decision(s) of the USCB shall be made by majority vote and will be forwarded to the Dean of Students. Within five (5) days of the conclusion of the hearing, the Dean of Students (or designee) will notify in writing the respondent(s), and the complainant(s) as permitted by applicable regulations, of the outcome of the case. This notification shall include the following information:
 - Finding of fact;
 - The basis for finding responsibility or non-responsibility; and
 - If finding the respondent responsible, the reasons for the recommended sanction, if any.

USCB Appeals

1. Within five (5) business days of notification of the hearing outcome, either party may appeal the decisions in the case (unless having previously agreed to accept the original decision

without an option for appeal), including any sanctions imposed. An appeal must be in writing and shall set forth the specific reason(s) for the appeal.

- Written copies or summaries of all proceedings appealed to the USCB shall be filed with the Dean of Students prior to any appellate proceedings on such complaints.
2. Except as required to explain the basis of new information, an appeal shall be limited to a review of the verbatim record of the Student Conduct Board hearing and supporting documents for one or more of the following purposes:
- To determine whether the Student Conduct Board hearing was conducted fairly in light of the complaints and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information that the Student Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.
 - To determine whether the decision reached regarding the accused student was based on substantial information, that is, whether there were facts in the case that, if believed by the fact finder, were sufficient to establish that it is more likely than not that the respondent committed a violation of the University policy or policies at issue.
 - To determine whether the sanction(s) imposed were appropriate.
 - To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known (and could not have been reasonably known) to the person appealing at the time of the original Student Conduct Board hearing.
 - Upon receipt of a notice of appeal, the Dean of Students shall appoint from the membership of the USCB a Review Panel comprising one faculty member, one administrator, and one student.
 - The University may submit to the Review Panel a written response to the student's appeal, with any supporting information.
 - The Review Panel shall have power, by majority vote, to affirm or overrule the findings, and in the event it affirms, may modify the sanction originally imposed or recommended.
 - Decisions of the USCB Review Panel are final.

Retention of Records; Release

Unless a record of a sanction imposed in the proceedings becomes and remains a part of the student's permanent University record, no information about the complaint or the proceedings therein shall, without the consent of all students accused in the complaint, be disclosed to any person except:

1. As provided by the Family Educational Rights and Privacy Act (FERPA).
2. In response to an order of subpoena of any court or administrative agency having authority to issue such an order of subpoena; in response to any other order with which The University of

Tulsa, or any employee of The University in their official capacity is bound to comply.

3. In any conduct, administrative, or other legal proceedings where such information would be relevant and reasonably necessary to defend the interest of The University of Tulsa, or any employee of The University in their official capacity.

Sanctions

The following sanctions may be implemented individually or in any combination by the USCB or the Dean of Students. The Dean of Students reserves the right to increase or decrease the severity of any sanction recommended in the conduct review process. Sanctions shall be issued in writing and include a completion date, if applicable, as well as the consequence for failing to complete any sanction by the deadline. Students who fail to complete their sanctions within the allotted time period may additionally be subject to having their registration cancelled and/or having a hold placed on their official University records, which may prohibit them from registration, re-enrolling, or receiving transcripts. Students who fail to timely complete sanctions levied for acts of violence will be expelled from the University. Disciplinary action will be taken immediately when a sanction is not completed on time.

The USCB or the Dean of Students is empowered to take disciplinary action or to recommend disciplinary action befitting the situation. The following is an outline of the courses of action available to the USCB, the Dean of Students, and Conduct Administrators, upon recommendation and approval by the Dean of Students, which may be administered separately or in combination in order to achieve the desired sanction:

- **Warning, Reprimand, or Admonition:** Verbal or written notification to the student that their conduct has been unacceptable and requires immediate improvement. Further incidents of misconduct may result in additional disciplinary measures.
- **Education:** A student may be directed to complete educational training, perform community service, or undertake other such restorative/rehabilitative measures as appropriate.
- **Restitution:** A student may be directed to pay, or in some way compensate for damages resulting from their misconduct.
- **Punitive Fine:** A student may be directed to pay punitive damages resulting from their misconduct. Such a monetary fine would be payable to The University of Tulsa or other appropriate entity.
- **Probation:** There are three forms of probation:
 - **Membership Probation** – A student's membership in a particular student organization or intercollegiate sport may be modified if unacceptable conduct recurs. Recurrence of unacceptable behavior may result in suspension from the organization or team.
 - **Residence Hall Probation** – Imposed when conduct in a residence hall has been unacceptable and bears improvement. Recurrence of such unacceptable conduct may result in removal from the residence hall or other disciplinary measures.
 - **Disciplinary Probation** – written notification that conduct has been unacceptable. The student is normally placed on disciplinary probation for a specific period. Disciplinary probation also may entail withdrawal of certain privileges such as

certain extracurricular activities including student leadership opportunities and/or study abroad. If the student is involved in misconduct during their probationary period, the question of their suspension from the University will be raised automatically.

- **Withdrawal of Privileges:** Certain student privileges can be withdrawn by the appropriate conduct body.
- **Interim Suspension:** In certain circumstances, the Dean of Students or a designee, or the Resident Hall Conduct Administrator may impose a University or residence hall suspension prior to the Student Conduct Board Hearing before a Student Conduct Board.
 - Interim suspension may be imposed only:
 - To ensure the safety and well-being of members of the University community or preservation of University property;
 - To ensure the student's own physical or emotional safety and well-being; or
 - If the student poses an ongoing threat of disruption of, or interference with, the normal operation of The University.
 - During the interim suspension, a student shall be denied access to the residence halls and/or to the campus (including in-person classes) and/or all other University activities or privileges for which the student might otherwise be eligible, as the Dean of Students or a designee may determine to be appropriate.
 - The interim suspension does not replace the regular process, which shall proceed on the normal schedule, up to and through a Student Conduct Board Hearing, if required.
- **Suspension:** Suspension of a student from the University indicates that a student's behavior has been unacceptable to a considerable degree.
 - Suspension may be invoked immediately following appropriate proceedings or at the end of a particular academic session.
 - A student usually will be suspended for a specific period. Following the expiration of this time, the student may petition the suspending body for permission to re-enroll in The University. Student rights and privileges cease upon Suspension.
- **Revocation of Admission and/or Degree:** Admission to or a degree awarded from the University may be revoked for fraud, misrepresentation, or other violation of University standards in obtaining the degree, or for other serious violations committed by a student prior to graduation.
- **Withholding Degree:** The University may withhold awarding a degree otherwise earned until the completion of the process set forth in the Student Conduct Code, including the completion of all sanctions imposed, if any.
- **Dismissal/Expulsion:** Dismissal is complete separation from the University. A student may be dismissed for unusual misconduct or after repeated violation of University regulations. Dismissed students are generally not permitted to attend the University after being dismissed. Only in exceptional circumstances will readmission be considered. Dismissed students are not permitted to reapply for admission to the University unless the dismissed student's request to

reapply is reviewed by a special committee comprised of the Dean of Students, General Counsel, and Provost (or a designated representative from each office). Considerations of the special committee will include, but will not be limited to, the nature and severity of the conduct which caused the student's dismissal, the amount of time that has lapsed since the conduct, and whether there has been any demonstrated rehabilitation of the conduct which caused the dismissal. The special committee's decision is final and not appealable.

- **Other disciplinary actions as may be deemed appropriate**

The following sanctions may be imposed upon groups or organizations:

- Those sanctions listed above.
- Loss of selected rights and privileges for a specified period of time.
- Deactivation, loss of all privileges, including University recognition, for a specified period of time.

- **The principles underlying these sanctions are as follows:**

- To the extent that students' actions or behaviors put the health, safety, and welfare of others at risk, the University has a duty and obligation to respond appropriately.
- To the extent that the actions or behaviors of member of student organizations put the health, safety, and welfare of others at risk, the University has a duty and obligation to respond appropriately.

- Our goal in administering the non-academic misconduct process has education at the forefront. If you have specific questions about the Student Code of Conduct or

non-academic misconduct at The University of Tulsa, please contact the Office of Dean of Students at 918-631-2742. Student organizations are expected to adhere to the policies outlined by The University of Tulsa.

2. Student Organizations: Sanctioning Guidelines

The following sanctions will be applied if it is determined by means of The University's Student Code of Conduct, Policies and Procedures that the actions or behaviors of any member(s) of a student organization (that has an application and selection process for membership) places the health, safety, or welfare of others in jeopardy in connection with any organization activity of any kind, whether authorized or not and regardless of where the activity occurs. Generally, sanctions will be applied in sequential order based on repeated violations. However, the University reserves the right, based on the nature and severity of the actions or behaviors, to apply more stringent sanctions even if lesser sanctions have not been previously applied. For example, if a violation were to occur which resulted in an individual being disabled or a loss of life, the organization would immediately be disbanded with no opportunity to be re-established for a minimum of ten years.

3. The following sanctions may be imposed upon groups or organizations:

- Sanctions for Organizations (below).

Organizational Amnesty

The Student Code of Conduct Organizational Amnesty policy is to encourage reporting and to reduce barriers for registered organizations.

In accordance and connection with The University of Tulsa alcohol and drug amnesty policy, registered organizations seeking immediate medical assistance on behalf of persons experiencing alcohol or drug related emergencies will not be sanctioned for violations of University alcohol and drug related policies related to the incident of medical need. Additionally, the student(s) receiving medical assistance will not be sanctioned for violations of these policies following their first incident requiring medical attention. Repeat incidents of a student and/or registered organization requiring medical assistance under this amnesty policy may be subject to disciplinary action under university policies.

Registered organizations aware of violations of the Code of Conduct or other University policies **may** not be sanctioned for the incident if the organization's executive officers proactively report the incident to the Dean of Students office, as described below. This includes suspected hazing, harm to persons, and alcohol and drug violations.

The Dean of Students Office or the Dean of Students Designee may at their discretion assign educational interventions when there is concern regarding student safety. The Dean of Students may revoke an organization's amnesty at their discretion when severe harm to persons or the University has occurred.

Beginning the Organizational Amnesty Process

1. An incident must be reported by an executive officer of the reporting organization via the appropriate web form, email, or telephone to one of the following on-campus services: Dean of Students Office, Student Rights and Responsibilities personnel, Sorority and Fraternity Life personnel, or Campus Security personnel.
2. The incident must be reported within three (3) business days of an executive officer becoming aware of the situation.

3. An organization will only have one (1) opportunity to self-report behaviors that may be policy violations under this policy per academic year.

Organizational Amnesty Guidelines

In order for the organization to be eligible for amnesty, the organization must demonstrate ongoing support and cooperation with all University officials involved in investigations or after incident reporting. An organization's cooperation and support will be evaluated by the following criteria:

1. Within five (5) business days of the initial report, provide the Dean of Students with all relevant details surrounding the incident including the names of all students involved and any other similar incidents that have occurred within the past six (6) months;
2. Provide documentation of accountability for members involved in the incident;
3. Work with stakeholders (Dean of Students, respective university staff, advisors, and national representatives – if applicable) to create a plan to prevent future incidents. The Dean of Students will set the deadline for this plan and grant extensions as needed;
4. Ensure that all members cooperate with any information-gathering efforts and the resulting action plan in full. If additional, previously undisclosed information is uncovered, the organization may become ineligible for amnesty. If the information relates to an incident for which amnesty was previously granted, the previously granted amnesty may be revoked; and
5. If any information given is found to be knowingly false or fabricated or material details are withheld, amnesty will be revoked, and the organization will go through standard conduct procedures for registered organizations. Any previously gathered information may be used during the new investigation.

Organization Amnesty Outcomes

1. Although an investigation may occur and educational interventions may be assigned, any organization granted amnesty will not have a disciplinary record of the incident.
 - The university reserves the right to require educational or developmentally appropriate requirements of the organization to retain its charter to address any systemic issues that pose continued harm to the campus community members.
2. If an organization is not granted amnesty, information gathered throughout this process may be used in future disciplinary action.

Involuntary Separation Policy

The University of Tulsa cares deeply about its students and provides a variety of programs and services on campus to support them. However, some students exhibit behaviors which call into question their ability to function successfully or safely in their role as a student member of the University community. In those instances, the University may take action which considers the welfare of the individual student and the University community and the integrity of the learning environment.

This policy describes the types of behaviors that the University may need to address, and the procedures which may be used. In rare circumstances, the Dean of Students or designee may determine that a student must be involuntarily separated from the University. Those who are involuntarily separated for

any reason are not allowed to participate in any University activities, attend classes, reside in or visit on-campus student housing, and may not be on campus except to attend a meeting or hearing related to their separation.

Involuntary Separation shall remain in effect for a minimum of one (1) calendar year. Students who desire campus housing on their return from an Involuntary Separation are responsible for notifying Campus Services of their intention with sufficient advance notice. The University cannot guarantee on-campus housing will be available upon return to the University.

The procedures for Involuntary Separation from the University will be used only after reasonable attempts to secure voluntary separation have been exhausted. An Involuntary Separation may be imposed if a student is unwilling or unable to request a voluntary leave of absence, and such a separation may be necessary to protect the safety of the University community and the integrity of the University's learning environment.

1. A student will be subject to Involuntary Separation when there is a reasonable possibility the student's behavior will result in:

1. Imminent danger to the University community, or
2. Disruption of the learning environment, or
3. Causing significant property damage, or
4. The inability to meet their responsibilities as a student, or
5. The inability to care for their daily physical needs without assistance and the student has failed to secure such assistance.

2. In most such cases these situations can be addressed by the student's decision to voluntarily withdraw from the University.

However, if the student is unwilling to voluntarily withdraw, the Dean of Students or designee may invoke the University's right to involuntarily separate the student from the University.

1. The Dean of Students or designee will stipulate conditions which must be completed. The student must comply with the written stipulations in order to be readmitted to The University following an Involuntary Separation.
2. An Involuntary Separation may be implemented immediately by the Dean of Students or designee if the Dean of Students or designee determines that the student's behavior falls into any one or more of the categories above. The Dean or designee may seek the advice and counsel of others in making this determination.
3. The students who are to be involuntarily separated shall be given an opportunity to personally appear or have a representative appear on their behalf before the Dean of Students or designee within two (2) University business days prior to the effective date of separation to review the following issues. The representative must be a member of the University community and attorneys are not permitted to participate in the meeting to discuss:
 1. The reliability of the information concerning the student's behavior, and/or
 2. Whether or not the student's behavior poses a danger of causing imminent harm to members of the University community or integrity of the learning

environment, causing significant property damage, or substantially impeding the lawful activities of others.

4. Following the meeting, the Dean of Students will notify the student in writing indicating whether the Involuntary Separation will or will not proceed.

3. Appeal Process

1. If a student believes that a decision for an Involuntary Separation made by the Dean of Students or designee is unreasonable or that the procedures used were unfair, the student may appeal.
2. The appeal must be made in writing to the Dean of Students or Dean of Students designee, within five (5) University business days.
3. Appeals should clarify what facts the student believes were not considered or explain what procedures were unreasonable or unfair.
4. Once notified of the Involuntary Separation, the student has five (5) University business days to submit their appeal.
5. The Dean of Students or designee will respond in writing to the student's appeal within three (3) University business days. The response will clarify whether the Dean of Students or designee concludes that all relevant facts were considered and led to fair and reasonable conclusions. Exceptions to these deadlines may be made at the discretion of the Dean of Students or designee. Unless the Dean of Students or designee determines otherwise, the student will remain separated from the University for a period of one (1) calendar year and must comply with stipulations provided by the Dean of Students before returning to the University.

4. Request for Re-Enrollment

A student who has received an Involuntary Separation or who withdrew voluntarily may be allowed to return to the University if they satisfy the stipulations for return and completes the following procedures in consultation with the Dean of Students.

5. Written request:

A written request for re-enrollment must be submitted to the Dean of Students or designee. The student's re-enrollment request will be reviewed by the Dean of Students or designee. The University reserves the right to establish that a student must meet certain criteria or stipulations prior to resumption of enrollment. The criteria include but are not limited to compelling information that the behavior that precipitated the need for the Involuntary Separation has been resolved to the degree that it will no longer adversely affect the University community or integrity of the learning environment. The criteria or stipulations will be identified at the time the Involuntary Separation is imposed.

6. Student interview:

The student must schedule an interview with the Dean of Students or designee to review the completion of stipulations and to determine if the student is ready to resume living in the residential community and/or return to the University.

7. The Decision:

Based upon the evaluation and interview processes, the Dean of Students or designee will make a decision about the student's readiness to resume or remain living in the residential

community and/or return to the University.

1. The decision will also take into account the impact on the community if the student returns, as well as University resources available to support the student.
2. The student will receive a written notification of the decision.
3. Approval to return may include specific conditions and/or requirements for continued enrollment.

Care and Concern Policy

A. Purpose

This Care and Concern Policy outlines the manner in which University will endeavor to reduce or manage behavior that presents an immediate danger to the life, health, welfare, safety, or property of any member of the college community ("Concerning Behavior"). University expects and encourages students to maintain a reasonable concern for the life, health, welfare, safety, and property of every member of the college community. Concerning Behavior is a serious threat to the campus community which will result in an immediate response pursuant to this policy.

The above-stated purpose of this policy is not to punish already troubled students; rather, the policy is intended to provide structure for responding to Concerning Behavior—without superseding confidentiality and reporting obligations that apply to health professionals—in order to address risks to the entire campus community's health and safety which arise when students display Concerning Behaviors.

B. Policy

1. Behavior Intervention Team Determinations

In the event the University is presented with a credible report that a student has engaged in or displayed Concerning Behavior, the University Behavior Intervention Team ("BIT") will determine an appropriate response. The BIT, in consultation with other University personnel, will consider the recommendations of evaluating or treating professionals, the availability of resources to meet the student's needs, and concern for the well-being of the campus community in determining the appropriate response. The BIT, where appropriate, may take steps, including contacting the student's parents (see the Parental Notification Policy) and/or other appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. In the event the BIT determines that an immediate involuntary withdrawal is necessary, the University will take action in accordance with its Involuntary Withdrawal policy.

2. Formal Assessments

If the BIT determines that a formal assessment is warranted following a credible report of Concerning Behavior (including, but not limited to, threats of harm to any campus community member, threats of suicide, attempts at suicide, excessive drug or alcohol use, anorexic or bulimic behavior, disruption of class, or destruction of property), the BIT will recommend that the student enter into a University Care and Concern Contract. This Contract requires the student to attend four, one-hour sessions of personalized, individual assessment with a licensed mental health professional, who will be either a staff member in the University Wellness Center or a private practitioner, as the student chooses. The chosen

professional will conduct a comprehensive and in-depth assessment of the Concerning Behavior in order to reduce or manage such behavior. Such assessment will include review of the student's Concerning Behavior, any precipitating incident(s), prior attempts or threats, and current thoughts the student has related to personal well-being and the well-being of others.

The first assessment will occur within one week of the BIT's receipt of a credible report of Concerning Behavior. The three remaining assessments will occur at weekly intervals thereafter unless the treating professional determines otherwise. The professional will determine the ultimate timeframe for completing assessments based on the needs of the student. Failure to comply with the prescribed timeframe may be viewed as a violation of the Care and Concern Contract and could result in disciplinary action, academic encumbrance, suspension and/or administrative withdrawal. If a student requires hospitalization following an incident of Concerning Behavior, the first assessment will occur within one week after the student is released from the hospital, should the student seek to return to classes.

Pursuant to the Care and Concern Contract, the student authorizes the treating professional to provide the University BIT with a written Mandated Risk Assessment Summary, including reports of instances in which the student threatened or attempted to engage in efforts to harm him or herself or any other member of the campus community, or expressed a preoccupation with harming him or herself or any other member of the campus community. The purpose of the assessment is not to cure or diagnose underlying conditions. Based on the professional's final Mandated Risk Assessment Summary, provided the student has reduced the behavior at issue sufficient to enable safe participation in the campus community, the student may return to classes as usual. A professional assessment is not formal counseling or therapy. The student may request the professional to undertake counseling and/or therapy in addition to the formal assessment, but the professional shall not engage in such counseling or therapy without the student's consent.

The University may take administrative action against a student for failure to enter into a Care and Concern Contract upon recommendation of the BIT. Further, nothing in this policy or the accompanying Contract limits the University's right to take any other actions necessary for the health and welfare of the student and the entire campus community. Demonstration of continued Concerning Behavior that interferes with anyone's safe participation in the campus community will be addressed in accordance with the University's student judicial code, code of conduct, or other applicable University policies.

COVID-19 Student Standards

The University of Tulsa is committed to mitigating the spread of COVID-19 on campus and within the TU community.

Framework

- The aim of education is the intellectual, personal, social, and ethical development of the individual. The educational process is ideally conducted in an environment that encourages reasoned discourse, intellectual honesty, openness to constructive change, and respect for the rights of all individuals. Self-discipline and a respect for the rights of others in the university community are necessary for the fulfillment of such goals. The Student Code of Conduct ("Code of Conduct") is designed to promote this environment at The University of Tulsa and an

expectation of students who choose to join the university community.

- These COVID-19 Student Conduct Standards ("Conduct Standards") have been adopted by The University of Tulsa to promote health and safety on campus and among our student body. These Conduct Standards supplement the Code of Conduct and violations will result in educational intervention and / or disciplinary sanctions up to and including loss of on-campus privileges.

Conduct Standards:

- Practice good personal hygiene and frequently wash your hands for 20 seconds with antibacterial soap. If soap and water are not readily available, clean your hands with a hand sanitizer that contains at least 60% alcohol.
- Follow all posted procedures for entering and exiting buildings on campus.
- Conduct daily symptom monitoring and check your temperature before leaving your residence each day. Please stay home, do not enter any buildings on campus and call the COVID-19 Hotline at 918-631-2900 for further evaluation if you are: feeling ill or unwell; have a fever of 100.4 or higher; have been in contact with someone who has tested positive for COVID-19; or if you have been asked to self-quarantine or self-isolate by a health care provider or health agency.
- Cover coughs and sneezes: if you are in a private setting and do not have on a cloth face covering, remember to always cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow. Throw used tissues in the trash. Immediately wash your hands or utilize a hand sanitizer that contains at least 60% alcohol.
- Routinely clean and disinfect surfaces and objects that are frequently touched. This may include cleaning objects/surfaces not ordinarily cleaned daily (e.g., doorknobs, light switches, classroom sink handles, countertops).
- Engage in responsible behavior and conduct when off-campus and observe local and state health guidelines pertaining to COVID-19 at all times.
- Follow all University policies and procedures enacted pursuant to the TU Safe Return to Campus Plan or otherwise adopted by the University.

To protect the safety of students and campus personnel from COVID-19, TU has followed the guidance of government and public health leaders to reduce density and in-person interactions on its campus. The institution is providing this Notice of these minor and temporary modifications to the Student Code of Conduct to inform what has changed and what remains the same.

The Notice is meant to help students move forward to address accusations in a way that allows them to take responsibility or demonstrate that they are not responsible, remove transcript holds (where applicable), enable them to register for courses or graduate (where applicable) and otherwise obtain finality and closure in these cases.

Where appropriate, sanctions will be modified to include sanctions that a student can complete at home, such as digital educational modules and community service that may be conducted at a distance. Students will not be required by the institution to complete in-person community service that could put the student, the location of the service, or any other party at a health or safety risk. The institution will, as

a matter of course, modify any sanction upon reasonable request to either extend the time of completion of the sanction to a time in which the public health risks have passed or to select another method of community service that does not require in-person contact.

The institution will provide students access to video call links, documents, photographs, videos, and other evidence related to the case via Microsoft Teams and/or OneDrive. Any evidence in the student's personal possession that the student wishes to add to OneDrive may be directly emailed to the Case Manager. **Students and their advisors may not copy or share information uploaded to this account. Violations of the rules governing transmission and review of documents through the storage account are separate conduct violations and may result in further disciplinary action and sanctions.**

All Code of Conduct digital proceedings will be recorded. Distance and digital communication make record keeping and note taking more difficult and, in order to ensure consistency and standards in the process, the institution will record all investigative meetings. Recordings shall be a part of the student's record. Those Recordings remain the property of TU and may contain personal information of the respondent and other students, so they cannot be shared with anyone other than the participating student's advisor. **Violations of the rules governing the review of recordings are a separate conduct violation and may result in further disciplinary action and sanctions.**

Any requests for technological accommodations based on a disclosed disability must be conveyed to the Office of Student Life and/or Student Access 48 hours before scheduled proceedings. If an advisor and/or support person is permitted under the Student Code of Conduct, you have the right to have them accompany you to these meetings or hearings. Rules about the number and participation of advisors under the Student Code of Conduct remain in place.

Our staff remains available to answer any questions you have about the conduct process and this Notice. Please contact Dean of Students at dean-of-students@utulsa.edu.

Alcohol and Drug Amnesty Policy

1. Purpose

- The purpose of the policy is to facilitate, access and remove barriers to students who require medical assistance in alcohol and/or drug related emergencies, and to provide the opportunity for caring, non-punitive interventions in response to such incidents.
- This policy is a key component of The University of Tulsa's comprehensive approach to reducing the harmful consequences caused by the excessive consumption of alcohol. The policy represents the University's commitment to informed decision-making and the promotion of responsible behaviors when faced with alcohol and/or drug related emergencies. In order to achieve these goals, the policy mandates that discretion be exercised, as permitted under The University of Tulsa's Student Code of Conduct.

2. The policy may apply when a student receives emergency medical assistance that is:

- Related to the consumption and/or use of alcohol and/or drugs, and
- Sought by a person not serving in an official University capacity, and
- Is reported to Campus Security

When the student accepts emergency medical assistance or when a student seeks emergency assistance on behalf of persons experiencing alcohol and/or drug related emergencies, the student will not have a complaint filed, be referred for a student conduct hearing, or be sanctioned for violations of the University Alcohol and Drug Policy solely related to the possession, consumption, or supplying of alcohol. The student will be required to consult with the Dean of Students and may be required to participate in an appropriate educational program.

Students who seek assistance on behalf of another student may be required to consult with the Dean of Students and may be required to participate in an appropriate educational program depending upon their involvement in the situation.

This policy shall not prevent an individual who is obligated by federal, state, or local law, or University policy or procedure, from reporting or taking other action related to the possible criminal prosecution of any student in relation to the alcohol and/or drug related incident at issue.

No individual may receive amnesty under this section more than once in a two-year period.

- Records of all requests for assistance under this policy shall be maintained by the Office of Dean of Students. Participation in any program as a result of this policy shall not be noted on the student's conduct record. In the event an individual who previously utilized the policy is involved in a subsequent alcohol-related incident, this incident and any resulting sanctions shall be treated as an alleged second offense.

Drug-Free Schools and Communities Act Policy

As a recipient of funds under Title IV of the Higher Education Act and other federal entities, The University of Tulsa must comply with the provisions of the Drug Free Schools and Communities Act of 1989. The act forbids the use or possession of those drugs deemed controlled or otherwise illegal by the laws of the United States, including marijuana in nearly all forms and the consumption of alcohol by anyone under 21. This policy applies to all full-time, part-time, regular or temporary students and employees of TU.

General Policy: The purpose of this policy is to provide a drug-free environment for all University of Tulsa students, faculty, and staff. This policy covers all full-time, part-time, regular, or temporary students and employees, and represents The University of Tulsa's efforts to achieve compliance as a federal contractor with the Drug-Free Schools and Communities Act of 1989. The following substances are covered by this policy:

- Alcoholic beverages of any kind
- Controlled substances and illegal drugs, which include all forms of narcotics, hallucinogens, depressants, stimulants, and other drugs, the use, possession, or transfer of which is restricted or prohibited by law.

Activities Prohibited by The University of Tulsa: The University of Tulsa prohibits employees and students from taking part in the following activities while on University premises or on University business. Employee or student involvement in such activities is considered gross misconduct and is therefore subject to disciplinary action up to and including immediate dismissal. Prohibited activities are as follows:

- Possession and/or distribution of marijuana, including for medical use.
- Possession and/or distribution of other drugs.
- Possession and consumption of alcoholic beverages by anyone under 21 years of age.
- The consumption of alcoholic beverages on campus except as authorized by University policy.

Legal Sanctions

In addition to University sanctions, you may also be subject to criminal penalties that may escalate depending on the quantities of drugs involved and whether the individual has had a previous conviction. Minimum penalties vary depending on the court in which a case is tried. A higher penalty may be levied depending on whether the case falls under the jurisdiction of a federal or state court. The Oklahoma Legislature may change the penalties described herein after the date of this policy. In addition to liability for violation of the above statutes, a member of the University community that sold or furnished illegal drugs or alcohol to a person may also be held liable for any property damage, injuries, or death that occurs to that person or a third-party due to that person's use or possession of the illegal drugs or alcohol.

Health Risks

It is important to understand the very serious risks incurred through the use of drugs or the abuse of alcohol. These risks can include but are not limited to:

- drastic changes in weight
- loss of judgment or the ability to concentrate or reason
- temporary loss of or heightened sensations
- personality changes
- memory loss
- inability to sleep or to remain awake
- addiction to or dependency upon the substance
- hallucinations, delusions, depression, or insanity
- the spread of infectious diseases like AIDS
- injuries to the immune system
- heart damage
- failure or malignancies of the liver and kidneys
- death

The use of drugs or alcohol before or during pregnancy or nursing can lead to severe birth defects or

death to the children involved. Click [here](#) for additional information regarding specific drugs and their potential health effects from the National Institute on Drug Abuse.

Available Counseling and Rehabilitation

Various treatment options, both on and off campus, are available to members of the University community who have problems with drugs or alcohol. These options include the following:

- Employees and Students – The University's Counseling Center, located in the Hurricane Health Center, provide free counseling and referral services to students on a confidential basis. Any student who has a drug or alcohol problem may seek help through this facility.
- Employees – The University's health plans reimburse employees for part or all of drug and alcohol counseling and treatment, off campus, under the conditions of each plan. Employees should review their summary plan descriptions to determine the specific treatments that are available and the conditions for reimbursement.
- Self-Referrals – Many local agencies permit self-referrals for treatment of substance abuse. A list of these providers is available on a confidential basis through the Counseling Center or Personnel Services. Some community services are provided free or at very little cost. If an employee uses this approach to treatment, they should ask their immediate supervisor for a medical leave of absence. In most cases, the request for such a leave will be granted, and the employee may return to their job upon completion of the treatment plan. For acute situations, hospitals with emergency rooms near the University campus include:
 - Hillcrest Medical Center, 1120 S. Utica
 - St. John's Medical Center, 1923 S. Utica, and
 - OSU Regional Medical Center, 744 W. 9th St.

University Sanctions on Student and Employees

Violations of this policy by students will be treated under the provisions of the University's Judicial Board and may lead to dismissal from the University. Violations of this policy by employees will be handled as described in [The University of Tulsa's Drug-Free Workplace Policy](#) statement with respect to drugs and under similar procedures with respect to alcohol violations. Various forms of discipline may be imposed, including suspension, required treatment programs, and termination of employment.

Designation of Coordinating Committee

The Substance Abuse Committee, which was constituted under the Drug-Free Workplace Policy statement and is chaired by the Dean of Students, shall coordinate and implement this policy. The University will review this policy and program biennially to determine its effectiveness, to make needed changes, and to review the consistency of the policy's enforcement and the imposition of required sanctions. University employees or students are asked to cooperate with the committee.

Availability of this Policy

This policy shall be distributed annually to each student and employee and shall be available for inspection by any student or employee and by any representative of the Secretary of Education.

Educational and Awareness Programs

The Substance Abuse Committee shall develop educational programs and materials with respect to drug and alcohol abuse that are consistent with University policies, budgets, and procedures. Training and education can be found by signing in with your Utulsa ID at <https://utulsastudents-ok.safecolleges.com/login>. Penalties - Individuals

Individuals will be sanctioned per the Student Code of Conduct and the Dean of Students.

Penalties - Student Organizations

All sanctions imposed on student organizations by the University will be administered through the Office of the Dean of Students. The following penalties may be assessed singly or to follow consecutively (e.g. a group may have their registration rescinded and be allowed to return to the University on probation at the completion of the time of rescinded registration.) Sanctions assessed will list the length of the probation and/or rescission (unless indefinite), the specific privileges to be forfeited, and any and all other conditions established as a part of the sanction.

- A. A Letter of University Reprimand - will not include forfeiture of privileges.
- B. Social Probation - may stipulate the forfeiture of specifically listed social and/or other privileges for a period of not less than three (3) months, or more than three (3) calendar years, and may also require specific performance during probation.
- C. Total Probation - this is the most severe sanction that the University may impose upon a student organization, short of rescinding University recognition. Total Probation shall be for a stated period of time not to exceed one (1) calendar year and prohibits the organization from: sponsoring, co-sponsoring, or participating in any and all social, intramural, athletic, or other similar activities on or off campus; the solicitation of any pledges/associates/new members; and the initiation of any pledges/associates/new members. Total probation may also include the forfeiture of other specifically listed privileges. It may also require specific performance by the organization during the period of probation.
- D. Rescission of University Registration - this represents the most serious penalty that may be imposed on a registered student organization. It involves the revoking of the University's recognition of the organization for a stated or an indeterminate period of time. If the organization also holds a charter from a national organization or association, the University may also request that the national organization or association revoke the organization's charter. Organizations that maintain a residence or meeting facility on University property may not occupy or utilize that facility unless and until the organization returns as a registered student organization in good standing.
