Ms Ferguson,

Hello. I was hoping you could elaborate upon the previous email with an attached invoice. I am not quite sure what this is for as I paid the security fees for the Wilder's Event last month and was not informed of any additional charges that would be applied to TUP's account at that time. I also had not received anything from you stating that there would be additional fees for the event, so if you could clarify for me what the invoice is in reference to, and what, if any, action is required to be taken by me it would be greatly appreciated.

Ms. Ferguson,

TUP paid the amount provided in the contract by you, which was taken by Ms. Lee. Additionally, in my meeting with Jason, Maureen, and Gina on the 16th of October, Jason stated to me, that the university would have to eat the extra cost to hold the event; which the university did not have a problem doing according to him. Also, through all of the time spent organizing the event with Jason it was never mentioned that what he had explained to me on that Friday had changed. Moreover, had there been an amendment to our contract I should have been contacted prior to the 3rd of December, especially given that the event was 7 weeks before. If you could be so kind, would you please send me a copy of policy regarding this situation, as well as the contract which was given to Ms. Lee on the 27th.

Best Regards,

Ms. Ferguson,

We last corresponded on the 11th of December concerning the Wilders event, and so, I was hoping you could update me on your conversation with Mr. Levy.  
Thank you
