Subject: CORRECTED: College Republicans After Dark Award

Oops, I reversed the funding sources. This is the correct breakdown. Please make this correction. Thanks.

Mary,

The College Republicans student organization was awarded \$1800 by the After Dark program for the David Horowitz lecture scheduled for May 26, 2011. These funds are to help defray security costs associated with the event. The After Dark award breakdown is as follows:

\$800 from the OSL lock-in fee
\$1000 from the AS lock-in security fee

This notification serves as documentation to support the funding approval for the use After Dark monies to offset late night programming security costs for a major campus event.
